South Australia

2024 WHYALLA

STUDY AND CAREER GUIDE

STUDY NEAR, GO FAR WITH UniSA

Start your unstoppable career at UniSA – South Australia's number one university for graduate careers.

We're the largest university in the state with more than 37,000 students and a footprint across four metropolitan and two regional campuses, located in Whyalla and Mount Gambier.

We're also a young university with a big focus on creating more pathways and access into higher education, with an innovative approach to educating tomorrow's professionals.

UniSA partners with more than 2,500 companies – both locally and around the world – to bring our students placement, project, research and work opportunities. You'll learn in a highly practical and supportive environment, so that you'll be a confident and career-ready graduate who can take on the needs of a changing world.

We're Australia's University of Enterprise.

YOUR STUDY OPTIONS

As a regional student, you can choose to study locally at our Whyalla Campus with flexible learning available, or you can explore our many 100% online degrees, which still gives you full access to our campus facilities and student support services. In this guide you can see what's on offer in the region and also what remote study looks like.

STUDY AT WHYALLA CAMPUS

STUDY ONLINE

There's also the option of relocating to Adelaide to study at one of our metro campuses. Discover what degrees are on offer and what you need to think about if you're planning on making the move.

TAKE A VIRTUAL CAMPUS TOUR

unisa.edu.au/virtualcampustours

We also host guided campus tours throughout the year and you can chat to us about your future study plans and career. Book today!

unisa.edu.au/whyalla

Study at UniSA's Whyalla Campus located on the Eyre Peninsula – a major centre of tertiary education for the northern and western regions of the state.

Experience flexible learning and quality teaching with the benefit of a relaxed environment, practical learning opportunities, small class sizes, tailored support services and strong community connections.

We offer degrees in key areas such as health, education and social work, reflecting in demand areas in the region and beyond, along with pathway programs that provide alternative entry into university study.

unisa.edu.au/whyalla

GET CAREER READY

We take a practical approach to teaching and learning so that our graduates can make a real impact in their chosen field. You can take part in internships and placements, student exchange programs, industry projects and volunteering opportunities. Our Career Services team is also here to support you and get you ready for the workplace.

CONNECTED LEARNING

Benefit from smaller class sizes and get more one-on-one time with your lecturers and tutors. Our highly experienced teaching staff are also there to help students studying a blended mode of on-campus and online learning. Our campus staff are connected to the local community and industry, meaning you'll be part of a well-supported network.

FLEXIBLE STUDY

At UniSA, you can enjoy a range of flexible learning options. Through our local degrees, you can choose to study through a blend of on-campus and online learning or choose specific online subjects where available. We also have a range of 100% online degrees, which can be studied anywhere, any time. No matter how you choose to study, you'll have access to our local campus facilities, including computer pools, library resources and student support services. See page 28.

CAMPUS FACILITIES

We have invested heavily in our campus facilities to provide purpose-built learning spaces for our students. The Whyalla Campus features health laboratories, providing an optimised clinical training experience, along with simulated classrooms for education students to practise in-class activities.

Through new campus upgrades, we also have a Green Screen Recording Studio and fully equipped Technology Suite. Students can access computer pools, study desks, meeting spaces, recreation and on-site accommodation.

It's also home to one of the nation's fastest network systems ensuring some of the best internet speeds.

STUDENT SUPPORT

It's important that you feel supported during your studies. Students have access to our on-campus Regional Student Support Officer in addition to a full range of services, including study support, personal counselling, disability services and career services. Our Campus Central team is located on-site and can point you in the right direction. We also have tailored services for Aboriginal students, including study assistance and mentoring opportunities. See page 22.

DIVERSITY AND INCLUSION

Did you know that UniSA has the most diverse student population in the state? We proudly focus on improving access to university study for people – no matter their background. In fact, we're the best in South Australia for social equity and first generation students (2022 Good Universities Guide) and we have the largest group of regional and Aboriginal students (Department of Education Equity Data).

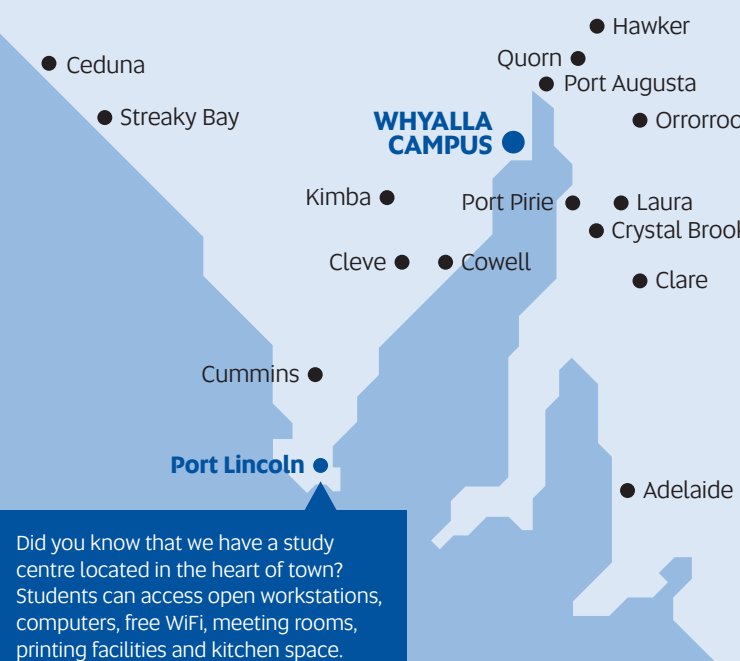

Paul Havelberg | UniSA Regional Manager, Whyalla

"Graduates from the Whyalla Campus are securing jobs in our regional communities due to the excellent links we have with local industry and our practical approach to teaching and learning."

THE PERFECT STUDY DESTINATION

Many students from the Eyre Peninsula, Port Augusta and Port Pirie regions choose to study at the Whyalla Campus. There are many benefits to studying locally, including:

- ✓ The ability to condense your timetable and drive home for extended weekends and holidays
- ✓ Small class sizes and personalised support
- ✓ Affordable on-campus accommodation
- ✓ Excellent industry connections for placement and employment opportunities
- ✓ Purpose-built learning facilities

 Part-time study available

Choose a Learning Area from Arts, English or Languages (Italian).
Choose an elective, focusing on teaching children with disabilities, rural and regional education, brain development, relationships and health, arts in early childhood curriculum, or Islam and global politics.

Become an early childhood teacher. Graduate career ready and with professional honours in just four years. Gain a competitive advantage through industry-relevant coursework, highly practical learning and applied research. Focus on the learning and development of children from birth to eight years of age. Develop foundational knowledge in education studies, curriculum planning, professional experience and leadership. Complete three courses in a primary specialism (Learning Area) of your choice to meet the national registration requirements for birth to eight years of age. Learning Areas include Arts, English and Languages (Italian). Get real classroom experience with 110 days of field-based placements starting in your first six months of study. Enjoy the option of flexible learning, including online and part-time study.

To be eligible for placement, providers may require students to be screened and provide evidence of their vaccination status.

Graduates can apply for teacher registration in South Australia, interstate and some overseas countries. Applicants should note that there are other criteria determining eligibility for registration by the Teachers Registration Board of South Australia and other registration and regulatory authorities. There are also specific non-academic and placement requirements for entry into this program. For more information, visit unisa.edu.au/eds-requirements

Due to program structure and professional experience placements, students commencing midyear (July) study will complete their program in 4.5 years instead of 4 years.

Prepare for a rewarding career in social work. Learn to enhance the wellbeing of others through advocacy, social change, relationship building and empowerment. Focus on four major study areas, including social work theory, social work practice, social policy, and social research. Develop knowledge of contemporary social work practices and their application in supporting individuals, families, communities, groups and organisations. Learn how to identify the social policies that impact people's lives and the strategic ways to implement change. Interpret, evaluate and conduct relevant social analysis exploring current real-world challenges. Focus your degree by choosing to incorporate a minor in Children, Families and Society. Access our custom-built social work and human services studio to practise your skills through simulated scenarios. Gain valuable professional experience through industry placements in your final years of study. Attend classes on campus with the possibility to study some courses online. Graduate with a degree recognised by the Australian Association of Social Workers and be eligible for full membership.

Students will be required to undertake Criminal History Checks through the Department of Human Services (DHS), a SAPOL National Police Record Check and complete a one-day Safe Environments for Children and Young People course prior to being accepted for work placements. To be eligible for placement, providers may also require students to be screened and provide evidence of their vaccination status, hold a driver's licence, and/or meet additional requirements.

"I really enjoyed my third-year placement at a local school, where I was able to be part of their counselling program, working with young people and hearing their stories. I also completed a placement at the Whyalla Hospital, which gave me real insight into people's experiences within the mental health system."

Jayde Burk | Social Work Graduate

JOBS GROWTH

Australia is facing a major shortage of high school teachers. In fact, the Federal Government is predicting a shortfall of around 4,100 teachers over the next three years alone

If you're ready to be part of a highly-skilled and valuable workforce that's in current and future demand, then study a secondary education degree and be well on your way to that unstoppable career.

Department of Education, Issues Paper: Teacher Workforce Shortages 2022-25.

Develop your understanding of critical disability studies, ableism and ageism, as well as the capacities available to support individuals living with disability and their support networks. Explore the underlying principles of social and emotional development and wellbeing, community engagement and promoting independence. You'll also explore the ethical practices at the individual, community and policy level of ageing and disability services. Learn to navigate major systems such as the Australian National Disability Insurance Scheme (NDIS) and My Aged Care policies, inform social policy development, enhance service provisions, and promote social inclusion within the ageing and disability sectors. Gain valuable work experience and build professional networks by completing more than 500 hours of supervised field placements throughout your degree. Graduate with a degree recognised by the Australian Community Workers Association and be eligible for full membership.

Students will be required to undertake Criminal History Checks through the Department of Human Services (DHS), a SAPOL National Police Record Check and complete a one-day Safe Environments for Children and Young People course prior to being accepted for work placements. Some placements may also require students to hold a current driver's licence and/or additional requirements as requested by the placement provider.

*Enrolled Nurse Certificate IV or Diploma in Nursing both with current Nursing and Midwifery Board (NMBA) registration.

Become a Registered Nurse and make a positive contribution to the community. Join a highly respected and in-demand workforce on the front line of our healthcare system. Develop the knowledge, clinical skills and attitudes needed for professional practice in a range of settings. Benefit from a strong focus on theory and practical experience, including access to our unique clinician-led hospital and health service on campus, which includes authentic hospital wards, clinical units and community areas. Be prepared to meet healthcare delivery requirements for the 21st century and respond to Australian and international healthcare priorities and trends. Focus on six integrated themes of nursing practice, including safety and quality, cultural safety, evidence-based practice, professional communication, consumers as partners in care, and teamwork. You'll also learn about cultural competence, mental health, primary healthcare and healthy ageing. Embark on 1,000 hours of nursing placements from your first year of study. Graduate with the academic requirements needed for registration as a Registered Nurse with the Nursing and Midwifery Board of Australia (NMBA).

To meet entry requirements, applicants must consider the professional registration requirements, including the English Language Skills standard and complete a declaration stating how they will demonstrate their English language competency, as determined by the NMBA.
Once enrolled, students will be required to meet Fitness to Practice in Clinical Placements requirements. To be eligible for clinical placement, providers may also require students to be screened and provide evidence of their vaccination status. For more information, visit unisa.edu.au/health/ftp
Students in this program must be registered with the relevant national board. This process is completed by the University after enrolment and no fees apply.

CAREERS

Registered nurses can work in a variety of healthcare settings, including:
Hospitals · medical clinics · primary health services · community support services · aged care · rehabilitative care · schools · home-based services · drug and alcohol treatment centres · community health organisations · mental health services · international aid agencies · correction facilities

Prepare for a highly rewarding career in maternity care and women's health as a Registered Midwife. Develop the knowledge and practical skills to support women through pregnancy, labour, birth and postnatal care. Benefit from a strong focus on theory and hands-on experience, including industry placements to prepare you for clinical practice. As an international profession with different birthing preferences all over the world, you'll learn how political, socio-cultural, economic and technological factors influence midwifery practice. Learn in our clinician-led, authentic simulated hospital and health service on campus, which incorporates a birthing suite, special care nursery and postnatal area, as well as birthing manikins. Complete comprehensive placement hours and be actively involved in 30 births during your studies, along with the pre and post-birth care of at least 100 women. You'll also follow 15 women through their entire pregnancy, labour, birth and postnatal journeys. Graduate with the academic requirements needed for registration as a midwife with the Nursing and Midwifery Board of Australia (NMBA).

To meet entry requirements, applicants must consider the professional registration requirements, including the English Language Skills standard and complete a declaration stating how they will demonstrate their English language competency, as determined by the NMBA.
Once enrolled, students will be required to meet Fitness to Practice in Clinical Placements requirements. This includes screening and evidence of vaccination status. Graduate with honours and prepare for a career as a registered occupational therapist in just four years. Learn to help people of all ages to maintain and improve day-to-day activities. Develop the skills to assist people in managing constraints caused by injury or illness, as well as emotional, developmental, environmental, psychological, societal and age-related limitations. Focus on areas such as anatomy, physiology, mental health and chronic conditions. Learn from doing hands-on activities such as making splints, adapting dressing for people with self-care impairments, measuring wheelchairs and modifying homes. Gain valuable practical experience through 1,000 dedicated placement hours in a variety of settings under the supervision of a practising occupational therapist. Choose a research stream focusing on an independent research project, or a professional stream where you'll learn how to reflect on and innovate your practice as an occupational therapist. Graduate with a degree approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia, and accredited by the Occupational Therapy Council (Australia & New Zealand) Ltd.

Students will be required to hold a current National Police Certificate and Department of Human Services (DHS) Working With Children Check. For more information, visit unisa.edu.au/clinical-placements

"At UniSA, I explored everything OT had to offer. After completing a rural placement, I found that students with rural practice are often considered for both rural and metro positions due to the scope of their experience. Having worked in both country health and paediatric private practice, I'm now providing OT services to eight regional hospitals."

Grace Vella | Occupational Therapy Graduate

ADVANCING ALLIED HEALTH

Allied health professionals are needed across rural and regional South Australia. In fact, our six regional local health networks service almost one million square kilometers, making up around 99.8% of the state. There are many employment opportunities in a wide range of settings, so it's a great time to unlock your unstoppable career in regional allied health and make a real impact on the everyday lives of people in your community.
SA Health, Working in Regional South Australia/Careers in Rural Allied Health.

YOUR CAMPUS

DO YOU HAVE A BUSINESS MINDSET?

Through UniSA **ACCELERATE**, you can start your business degree while you're still at school.

Study up to two courses through UniSA Online while you're in Year 12 and guarantee your place into one of our many business degrees with study credit. You can also choose to count this study towards your SACE Stage 2.

You can study subjects in areas like accounting, business law, marketing, psychology and data analytics.

All learning and assessments will be delivered online, but you'll also have access to dedicated teaching and support staff who will help you every step of the way.

There are no upfront costs with successful applicants fully funded for up to two subjects.

This is open to all Year 12 students living in South Australia, so we encourage you to apply.

📍 unisa.edu.au/accelerate

"I was drawn to the fact that I was able to start my University journey while studying Year 12. I enjoyed the flexibility of studying online and received a lot of support, which enabled me to be successful."

Bree Collins | Whyalla Secondary School

Campus Central is your go-to place for all the help you need

YOUR FUTURE, GUARANTEED

UniSA Guaranteed Entry – it's a sure thing

All you need to do is make sure that you put UniSA as your first preference, meet the guaranteed entry score, and then we'll admit you automatically on your best result – either by your Selection Rank, Year 12 subject grades or TAFE/VET qualification.

YEAR 12 GRADES GUARANTEED ENTRY

UniSA is offering guaranteed entry based on your three best Year 12 subject grades for most degrees. If you achieve the selection grades and you put us as your first preference, that's it, you're automatically in.

Don't forget your adjustment factors

High school students applying for university might also be eligible for adjustment factors. These are based on set equity factors and/or subject choices. These are added to your Year 12 results, giving you a more competitive Selection Rank which can be confirmed in your SATAC Self-Service Portal.

SELECTION RANK GUARANTEED ENTRY

UniSA has set guaranteed entry scores for most of our degrees. This means, that if you achieve that set Selection Rank and you put us as your first preference, you're in. There's nothing more you have to do.

TAFE/VET GUARANTEED ENTRY

If you have successfully completed the set TAFE/VET qualification for your preferred UniSA degree, you'll automatically receive an offer.

 See what you might be eligible for with UniSA's Guaranteed Entry Calculators.

unisa.edu.au/guaranteed

Some degrees also have prerequisites and other eligibility criteria for entry that you'll still have to meet. Year 12 subjects need to be 20-credit Stage 2 Tertiary Admission Subjects (TAS). Students also need to achieve a minimum ATAR of 50.

YOUR PATHWAYS

We have a range of alternative pathways for regional students to gain entry into university.

UniSA COLLEGE

UniSA College offers a range of pathway programs to help you gain alternative entry into your preferred UniSA or UniSA Online degree.

These programs will prepare you for university study by building your academic skills, prerequisite knowledge and confidence to thrive in your chosen degree. You'll experience life as a UniSA student, learn from UniSA staff and have access to a full range of support services. Once you've successfully completed your program, you'll be able to transfer into one of UniSA or UniSA Online's bachelor degrees using your competitive Grade Point Average (GPA).

SPECIAL TERTIARY ADMISSIONS TEST

If you don't have a competitive result from Year 12, TAFE/VET or previous university study, you may qualify for special entry into your preferred UniSA degree by choosing to sit the STAT – a two-hour test made up of 70 multiple choice questions designed to measure your aptitude for tertiary study. Your results will be used to create a ranking that you can then use to compete for entry with other special entry applicants. To be eligible, you must be aged over 18 years by 1 February (or 1 July for midyear entry) in the year you wish to commence your study.

Top tip: Check out the Prepare for STAT presentation at unisa.edu.au/stat

TAFE/VET GRADUATES

A completed certificate IV, diploma or advanced diploma from TAFE or another registered training organisation may be all you need to apply for a UniSA degree. If your completed qualification meets the UniSA TAFE/VET Guaranteed Entry score, you have met the prerequisites and any specific entry requirements, and you have listed the degree as your first preference, you're guaranteed an offer. If you're successful in securing a place in a relevant UniSA degree, you may also be eligible to receive credit for your previous study, typically reducing the time it takes to complete the program. We also set TAFE/VET cut-offs and you could be considered for entry with a lower qualification.

MORE OPTIONS

- Completion of a SAIBT diploma
- Completion of courses through Open Universities Australia (OUA)
- Completion of some study at UniSA or another recognised university for tertiary transfer

WANT TO LEARN MORE?

Go to unisa.edu.au/pathways to explore all of your alternative entry options. You can also contact our Future Student Enquiries team on **08 8302 2376** or at unisa.edu.au/enquire. And, you can always drop in to our Whyalla Campus and speak to our friendly staff.

NOT SURE WHAT TO STUDY?

UniSA COLLEGE PROGRAMS EXPLAINED

One of the best ways to gain alternative entry into your preferred UniSA degree is through UniSA College. Explore our programs below to see what's right for you. Did you know that you can choose to list some UniSA College programs (Foundation Studies and Diplomas) as your first preference in your SATAC application? Or you can choose to include them as a back-up options just in case you don't get the offer you want.

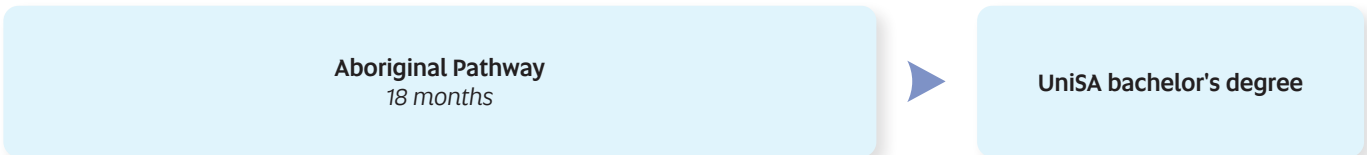

I DON'T HAVE AN ATAR...

I HAVE AN ATAR BUT IT'S NOT COMPETITIVE FOR ENTRY INTO MY PREFERRED DEGREE...

I IDENTIFY AS ABORIGINAL OR TORRES STRAIT ISLANDER AND WOULD LIKE ADDITIONAL SUPPORT...

THE APPLICATION PROCESS

You'll apply through SATAC for entry into the UniSA Foundation Studies and Diploma programs. For Undergraduate Certificates in University Studies, you'll apply directly through UniSA after you have successfully completed the UniSA Foundation Studies program. This is also open to students who have partially completed a bachelor's degree and are looking to explore other areas of interest. Applications for the Aboriginal Pathway program are made directly through UniSA College.

Top tip:

If applying through SATAC, make sure you know the key dates listed on their website. Once you've submitted your application, remember to pay your SATAC application fee, otherwise you won't receive an offer. Applications are made April–July for midyear entry and typically August–January for commencement in the following year. Successful applicants will be notified by email, so check your inbox regularly!

*This pathway option does not allow for entry into all UniSA or UniSA Online bachelor degrees. Go to unisa.edu.au/study for more information. Other study combinations are not available.

UniSA FOUNDATION STUDIES

UniSA Foundation Studies is a great way to start university and will help you thrive with future studies. You'll explore core courses to develop your critical writing, communication, research and study skills – including how to write academic assignments, referencing and effective time management. As a regional student, you'll study through a combination of online and on-campus learning.

After successfully completing this six-month program, you can progress into an Undergraduate Certificate in University Studies or a Diploma. From there, you can apply for many UniSA or UniSA Online degrees using your competitive Grade Point Average (GPA).

There are no formal entry requirements or tuition fees. Applications are made directly through SATAC.

UNDERGRADUATE CERTIFICATES IN UNIVERSITY STUDIES

Through an Undergraduate Certificate in University Studies, you'll explore courses aligned to your area of interest, with specialisations in Business, Creative Studies, Education Studies, Health, Social Sciences and STEM. As a regional student, you'll study through a combination of online and on-campus learning.

Once you've successfully completed your Undergraduate Certificate, you'll graduate with a standalone qualification and can use your Grade Point Average (GPA) to apply for direct entry into more than 90 UniSA or UniSA Online degrees.

This pathway option is for current UniSA students only, so it's ideal if you've completed UniSA Foundation Studies or have partially completed another degree and you're interested in exploring another area of study. Applications are submitted directly through UniSA College and entry criteria apply.

DIPLOMAS

UniSA College Diplomas provide a pathway into more than 100 UniSA and UniSA Online degrees.

You'll kickstart your career by studying a combination of courses that will develop your academic skills, along with up to two first-year courses from a related bachelor's degree. This will give you a real insight into your preferred degree and up to two study credits. As a regional student, you'll learn through a mix of online and on-campus learning.

Diplomas are offered across key areas in Business, Creative Studies, Education Studies, Health, Social Sciences and STEM. Applications are through SATAC and entry criteria apply.

ABORIGINAL PATHWAY

Our 18-month Aboriginal Pathway program supports Aboriginal and Torres Strait Islander students start their journey at university.

You'll develop academic, literacy, digital and numerical skills, along with enhanced knowledge in areas such as Aboriginal culture and wellbeing, and the community and environment. You'll get all the support you need along the way, including local tutoring and one-on-one support from teaching staff.

The program prepares you to thrive at university, and upon completion, you can apply for your preferred UniSA or UniSA Online degree using your competitive Grade Point Average (GPA).

The program is open to all people who identify as Aboriginal or Torres Strait Islander and is offered in Whyalla, Ceduna, Port Lincoln and Mount Gambier.

There are no formal entry requirements or tuition fees. Applications are made directly through UniSA College and you may also be eligible for travel and accommodation support.

UniSA Foundation Studies (Whyalla)
SATAC code: 467011

UniSA Foundation Studies (Port Lincoln)
SATAC code: 487002

Chloe Coles | UniSA College Graduate, Nursing Student

"UniSA College gave me the confidence and skills to achieve my academic goals. Without an alternative pathway into university, I wouldn't have had the opportunity to study at that level. I'm now studying to be a nurse at the Whyalla Campus with amazing teachers and so much one-on-one support."

STUDENT EXPERIENCE

SUPPORTING YOU

STUDY SUPPORT

We want you to achieve your best, so we offer a variety of study support services. You can access online learning resources, talk with a learning adviser, connect with a mentor, and receive free after-hours tutoring online. We also have a Regional Student Support officer on campus that can provide additional tailored support, along with our Study Help PALS. They're current UniSA students who provide support with assignment writing, referencing and building your overall study skills.

CAREER SERVICES

We want to get you career ready, so you can access our Career Services from first year. Make the most of our online Career Hub with a wide range of self-help resources, including tips on resume writing and practising your interview skills. There are professional job listings with some that are exclusive to UniSA students. You can also connect with a career adviser for help with career planning and attend industry events to build your professional networks.

PERSONAL COUNSELLING

All UniSA students can access free and confidential counselling to help manage a personal issue or to talk through any pressure points during your studies. We partner with local providers so that you can get independent support and advice when you need.

ACCESS AND INCLUSION SERVICES

We want to make sure that you are supported, empowered and can participate equitably in university life. Our services range from facility and access requirements through to developing individual action plans for all students with a physical disability, mental health issue or medical condition.

WIRRINGKA STUDENT SERVICES

We have teams to support the specific needs of our Aboriginal students, including tutorial assistance, a mentorship program, scholarships and grants, dedicated study spaces, and access to learning advisers both on campus and online. We also have an Aboriginal Student Engagement Officer who can provide additional tailored support.

SAFEZONE APP

All UniSA students are encouraged to download the free SafeZone app, providing additional security and support when studying on campus. The app allows you to get help quickly in a personal emergency, or if someone else needs first aid or general assistance. You can check-in when working alone or after hours, sharing your status with the UniSA security team. You can also receive notifications so you know what to do in an emergency situation.

CAMPUS LIFE

CAMPUS CULTURE

Make the most of your university experience by getting involved with a range of social activities, clubs and volunteering opportunities. Enjoy delicious food at our refurbished café on campus, chill out in the student lounge, study in collaborative computer pools, and make new friends along the way. If you're interested in building your leadership skills, we also offer unique scholarships that will give you the opportunity to develop new initiatives and events to enhance the overall student experience.

EVENTS AND WORKSHOPS

We host several events throughout the year starting with a Welcome Party as part of Orientation. Other events on the calendar include celebrations for Multicultural Week and Reconciliation Week, family days and other social events. There are also learning workshops hosted through virtual classrooms to help with your studies.

YOUR STUDENT ASSOCIATION

Connect with your student association – USASA. They're your voice at university and are responsible for advocacy work, organising social events, producing the student magazine and coordinating all student clubs.

GLOBAL EXPOSURE

Become a UniSA Global Citizen through a range of overseas opportunities and virtual experiences. You can travel and complete a student exchange, short-term program, internship, volunteering opportunity or study tour. Or, you can develop your cultural intelligence through interactive online learning, including virtual project work.

📱 unisa.edu.au/student-life

SCHOLARSHIPS

Every year, 2,500+ students benefit from our scholarships and grants. These are available to help you with the cost of your studies.

There are a number of grants specifically available for local students after enrolment, including the Whyalla City Council Student Grant (\$2,500), Beyond Bank Whyalla Foundation Studies Grant (\$2,500), Dr Brian Webby Whyalla Support Grant (\$2,000) and the Eddie Hughes Regional Education Grant (>\$1,000)

There's also the Federal Government's Destinations Australia Scholarship, which totals \$15,000 per year for both three and four-year programs.

📱 unisa.edu.au/regional-scholarships

Explore our online search engine to see the full range of scholarships you might be eligible for.

📱 unisa.edu.au/scholarships

UNDERSTANDING UNIVERSITY LIFE

If you're going from high school to university study, or if you've taken some time off and are returning to the classroom, there can be some big adjustments. Here are some top tips to help you start thinking like a university student:

- Students are independent learners, so you'll be responsible for going to class, reading course materials and meeting assignment deadlines.
- Timetables are based on your course selections, so schedules will vary depending on the individual.
- Independent learning is important so make sure you're organised and keep on top of your workload and commitments.
- You'll access most resources through custom online learning platforms, including connecting with teachers and fellow students.

HOW TO APPLY

Applications to study in 2024 open in early August and are completed through the SATAC website. Check out our handy online resources to help you through the application process.

📍 unisa.edu.au/apply

If you're interested in studying with UniSA Online, you can apply directly at:

📍 unisaonline.edu.au

WE'RE HERE TO HELP

BOOK A 1:1 APPOINTMENT

You can organise a time throughout the year to come and chat with our friendly staff on campus. They can give you advice on your future study options and the admissions process, along with more information about university life and student support.

📍 unisa.edu.au/whyalla

CONTACT FUTURE STUDENT ENQUIRIES

If you have any questions about studying with UniSA, then connect with our Future Student Enquiries team.

(08) 8302 2376

📍 unisa.edu.au/enquire

YOUR TIMETABLE

If you decide to study locally in Whyalla, you can generally organise to fit all of your on-campus classes into 1-2 days. This gives you flexibility to work part-time or travel home if you live in surrounding areas.

Your study schedule will be divided into contact hours – the time you spend in lectures and tutorials – and independent study, including your personal research and assignment work.

Study hours depend on the program you choose and the amount of additional work you put in. A full-time study load is typically around 40 hours per week (12-16 hours class contact, 14-28 hours independent study). You'll most likely complete four subjects per study period, so eight subjects in total for the year. This will be a mixture of core courses and a range of electives or subjects that align to your stream, major/minor or specialisation.

Here's what your week might look like...

UniSA OPEN DAY

Whyalla Campus Sunday 27 August

City West and City East Campus

📍 unisa.edu.au/opendays

ACCOMMODATION

The Whyalla Campus features on-site accommodation at the Student Residential Village. Students have their own bedroom and share a bathroom with one other student. A fully-furnished kitchen and common living area means you can interact and study with your peers.

Lecture and tutorial rooms are only a short walk away and the complex is monitored by on-going security. Off-street parking is available along with a lockable storage shed suitable for bicycles and other items.

A BBQ area, volleyball court and basketball court complete the space and help to create a fun and balanced lifestyle. Applications are accepted for shorter and longer-term stays at a very affordable cost.

"While in year 12, I wasn't ready to move out of home or leave my community in Port Lincoln, but I also didn't want to study externally. The Whyalla Campus provided the perfect alternative because I was able to study in person and go home on weekends. The on-site accommodation has given me the opportunity to experience elements of living independently and I have met the most incredible and welcoming people."

Katie Freak | Early Childhood Education Student

IN THE COMMUNITY

BUSINESS GROWTH

UniSA is focused on collaborating with local organisations and the community to drive advancements that contribute to a better society through the following programs:

Student Internship Program – creating local opportunities for UniSA students to undertake real-world projects in current workplace settings.

Executive Education – developing tailored programs to build better enterprises and business leaders in the region.

HEALTHY FUTURES

Our Whyalla Campus is home to the UniSA Rural Health Clinic, offering podiatry and physiotherapy services to help meet local community needs. The public can access a range of health services, including biomechanic assessments, lower limb treatments, nail surgeries, and more. The initiative also supports placement opportunities, with students learning under the guidance of qualified professionals from the local Whyalla Hospital.

PUBLIC LECTURE SERIES

We host free lectures throughout the year. The local community can connect with industry and business leaders while listening to world-class researchers and speakers focused on driving innovation and growth in the region. Follow us on Facebook and Instagram for regular updates.

COMMUNITY SPONSORSHIPS

We support a wide variety of groups and initiatives, celebrating the local community spirit, including:

- Whyalla Business and Tourism Group
- Solstice Media Regional Showcase
- Science and Engineering Challenge
- Whyalla Secondary
- Samaritan College
- Whyalla Education Partnership
- High School's Academic Achievement Awards
- GFG Foundation
- Upper Spencer Gulf Leadership Program

STUDY ONLINE

We offer a few flexible ways to study. You might choose one of our local degrees that combines blended learning, complete some subjects online, or study 100% online giving you the ultimate control.

FLEXIBLE LEARNING

In a busy world, we want to give our students more flexibility with their studies, which is why we offer online, blended and part-time learning opportunities.

If you study online, you'll still have access to all campus facilities, including computer pools and dedicated learning spaces, along with student services such as study support and personal counselling at our Whyalla Campus. You can benefit from flexible learning, but still feel supported and experience the campus culture along the way.

Students that choose to study online are also welcome to access facilities at our Port Lincoln Study Centre.

Your study modes

ON-CAMPUS
Some optional online study is available.

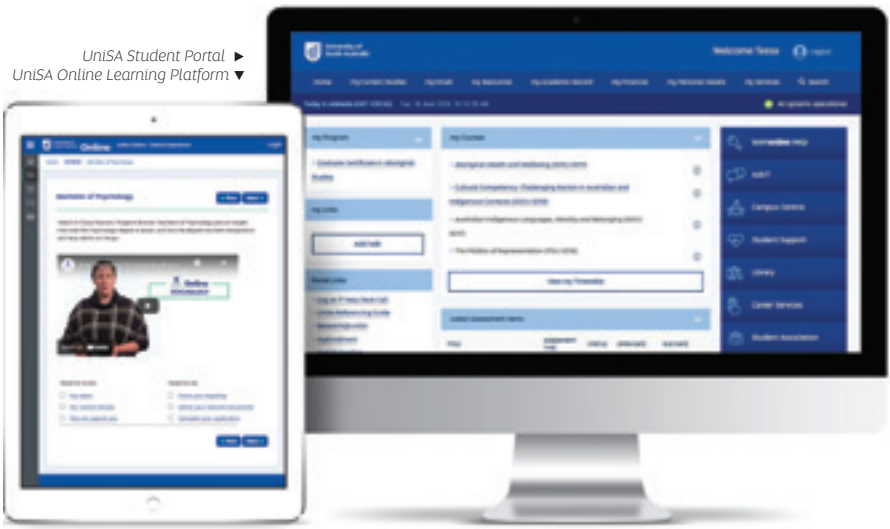

ON-CAMPUS/ONLINE
Blended learning, combining on-campus and online study.

100% ONLINE
Delivered through UniSA Online.

UniSA Student Portal
UniSA Online Learning Platform

Tania Shore | Management Graduate

"Studying 100% online has opened the door to many opportunities. I initially thought online study would be isolating, but I have been pleasantly surprised at the accessibility to staff who are on-campus and the easy navigation of the online learning platform. As someone who didn't complete high school, I initially studied the Diploma in Business, which set me up for success."

ACCESS RESOURCES ANY TIME

No matter how you decide to learn, either on campus, online or through a blended mode, you'll have access to custom online platforms that will further support your studies.

myUniSA portal

Your myUniSA Student Portal is where you'll go for all your study-related information and resources. It's the first page that appears after you login as a UniSA student.

You'll find quick links to enrolment, courses, emails, announcements, assignment details and academic records, as well as access to Campus Central, AskIT, the Library, Career Services, and your student association.

Online learning platform

Each of the courses (subjects) in your degree will have its own Learnonline site, which is your central platform for accessing key course information, your course outline, weekly readings and resources, lecture recordings, discussion forums, and more.
