DEFINITIONS:

Subject Area and Catalogue Number
Class Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **BIOL 1033**. You can search for courses by using this code.

Enrolment Class

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

Related Classes

An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.

Auto Enrol Class

Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.

External Class

In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.

The external class number will be listed in the Classes column below. This number is the only enrolment class number you need to enter in 'Manage my Enrolment' when enrolling.

| Second Semester (Study Period 5) | | | | |
|--|------------------|---|--|-------------|
| Subject Area | Catalogue Number | Course Name | Class numbers | Notes |
| ENVT | 5034 | Community Partnerships | Enrol into Workshop 53765 Please refer to class timetable | Core course |
| Plus one of the following core courses: | | | | |
| ENVT | 5040 | Natural Resource Management | Enrol into the Lecture: 52792 And Workshop: 52793 Please refer to class timetable for information | |
| ARCH | 5041 | Environmental Impact Assessment N | Enrol into Lecture: 52879 and 1 Tutorial Please refer to class timetable for Tutorial class numbers | |

NOTES:

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this study period of the program.
2. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.

PROGRAM NOTES:

1. The Graduate Certificate in Environmental Science requires the completion of four courses (18 units). To complete the Certificate in one study period (full-time) students may undertake the 2 core courses for that study period plus 2 elective courses from the [Graduate Diploma in Environmental Science](#) with the approval of the Program Director.

EXTERNAL STUDENTS

Students studying off-campus. Administrative services for external students are located at [Campus Central](#).

External mode includes online, distance education, industry placement or directed research. Virtual classrooms are deemed to be an external mode of delivery. External model does not normally include a face to face component, however some courses offered in external mode may require a small component of on-campus activity.

It is strongly recommended that you visit the Study Support webpage to gain valuable information regarding your studies.

<https://i.unisa.edu.au/students/student-support-services/study-support/>

PART-TIME STUDENTS

You can study part-time which means undertaking less than the load specified for full-time status.

(**Full-time load** - The standard annual full-time load is 36 units or 1.0 EFTSL (Equivalent Full-Time Student Load). A student undertaking at least 75% of a full-time load for the academic year will be full-time for that year. A student who is undertaking at least 75% of a full-time load, for either the first half or second half of the year, will be full-time for that half year).

If you require further enrolment advice, please refer to the **contact details** listed on the first page or contact [Campus Central](#).
