DESIGNED BY UniSA. DELIVERED BY UniSA.

Every aspect of your UniSA Online degree is designed and delivered by UniSA's very own experienced academics and online learning experts. This differs from many other online university providers.

As a student, you'll benefit from our academic and curriculum expertise, extensive industry connections and leading-edge research into online learning.

We collaborate, we innovate, and we're constantly implementing new ideas, solutions and strategies to improve our courses and support services so that you get the very best out of your time with us.

We exist to create exciting futures through online learning. We're 100% focused on providing the best experience and outcomes for our students.

No matter where you live or how busy your life might be, you'll engage with a team of passionate and experienced people who are committed to ensuring you have an outstanding, high-quality education.

BUILDING ON 25+ YEARS OF DELIVERING ONLINE AND DISTANCE EDUCATION.

We have a long tradition of off-campus learning, establishing the UniSA Distance Education Centre more than 25 years ago. Our centre was designated as one of eight national Distance Education Centres in Australia and was one of the largest providers of distance education in the country.

UniSA Online builds on the University's history and experience, opening up more opportunities for people to earn a degree and take charge of their career.

With more than 35,000 students across six campuses, and 6,000 students studying online, you'll join a diverse community of learners and award-winning teachers.

A MESSAGE FROM OUR VICE CHANCELLOR

UniSA is ranked in the top 10 in Australia for graduate employability*.

Always innovating, we're putting our expertise into providing a new suite of high-quality, 100% online undergraduate courses for you to study anytime, anywhere.

We've developed each and every one of these degrees from scratch – at every point, considering how we can teach to the highest standards in an online environment, while maintaining a focus on developing the skills employers are looking for today.

UniSA has a long and proud history of reaching out and bridging barriers to educational access, dating back to the 1990s when we were one of the largest providers of distance education in Australia.

A few generations on and UniSA Online is the next step in that evolution. As Australia's University of Enterprise and a university that prizes our close relationships with business, industry and the professions, we are reflecting that relevance in the design of all of the UniSA Online degrees so that learning activities reflect real work environments.

This is your opportunity to upgrade your career, or change your future with one of Australia's largest online education providers**. I wish you all the success in the world as you take these next steps with us and enter the world of education On Demand through UniSA Online.

"At UniSA Online, our purpose is to create exciting futures through online learning.

For a majority of our students, studying online is a necessity, simply due to the demands of working full-time and having a family. We've redesigned the whole experience around the needs of online students. We're committed to exceeding your expectations through the quality of our learning resources, the effectiveness of our teaching and our proactive academic and student support services.

Our team truly value the connections we make with our students. To see people who are actively making their dreams a reality, is both inspiring and rewarding. We look forward to welcoming you to UniSA Online."

Tom Steer
Executive Director: UniSA Online

"Our degrees are designed by academic experts who have strong links to employers. This relationship ensures you'll be equipped with the most current information needed to be successful in your career. We engage our students in innovative, quality learning experiences within a supportive environment that develops leadership skills and fosters confidence in discipline knowledge, problem solving and critical thinking.

Embarking on a university degree is an exciting milestone in life – and UniSA Online will play an important part in helping you achieve your career goals."

BENEFIT FROM 100% ONLINE STUDY

Designed specifically for online learning

Learn through media-rich course material, short engaging videos, and interactive activities such as quizzes, forum posts and online face-to-face discussions. Your degree has been designed specifically for online learning to ensure you graduate with the skills and knowledge needed for your future career.

100% online – no need to come onto campus

Everything from your course content to weekly activities and assessments is 100% online. You'll communicate with academic staff and students via live messages, online discussion forums and email. You'll never need to set foot on campus, which is perfect if you wish to continue working while you study.

Plan your study schedule ahead of time

All of your course content is available before your term starts. This means you can log in and have a look at your learning materials, weekly activities and assessments ahead of time. You'll have the ability to organise your study schedule and factor in family, work or life commitments in advance.

If you know you've got a busy week coming up, you can complete your course readings or assessments beforehand so you don't fall behind.

Fit life around study

Full-time students study two courses each term. It makes earning a degree completely achievable, especially if you're working. Your degree is delivered over four terms each year. Each term runs for 10 weeks with 2-week breaks in between each term.

You'll also have the option to go part-time, or switch between the two. If you need to take a break in your study, that's an option too. We recommend speaking to your Student Adviser who can help you update your study plan and check when your courses are offered.

"Studying 100% online was really appealing, especially as I work full-time. With a busy timetable, it's been great being able to email and live message my online academics and support staff whenever I needed.

They've always been extremely supportive and check in regularly. Most importantly, they understand that for a lot of students, life can get in the way and sometimes things don't always go according to plan.

It's fantastic knowing there are people on the other end who can relate and will do all they can to make sure you've got everything you need to achieve your very best."

Critical Approaches to
Online Learning

“Your success means everything to us. I love interacting with students face-to-face online and encourage students to connect with us. We’re here to get you off to the right start, provide the help you need, and we’ll be there to applaud loudly when you graduate.”

HOW WE SUPPORT YOU

Contact online academics seven days a week

You'll be supported by our highly experienced academic team of Online Course Facilitators and Online Tutors. Our academics will guide you through your learning and ensure you have an outstanding, high-quality education.

They can help you with your course materials and assessments, provide feedback on your work, assist you with referencing as well as answer any other course-specific queries.

You'll be able to contact your academics via email, online discussion forums and live messages in the online learning environment. You can also communicate in real-time and chat face-to-face with your academics online.

Receive dedicated Student Adviser support

Your Student Adviser will be an important part of your university experience. They can help you enrol, plan your courses, or discuss personal circumstances that may impact on your studies. They'll link you to other support services in the University and can help you schedule appointments if required.

Get tech support around the clock

Our IT Help Desk is available 24/7 to provide assistance with your computer set up, student email, software requirements and other UniSA apps and student applications. You'll be able to get support no matter what time it is.

Access free software and resources

Download the full Office 365 ProPlus suite, which includes full versions of programs like Word, PowerPoint, Excel, Outlook and OneNote. Along with 1Tb of personal storage that syncs with your PC or mobile device, you'll also have free access to more than 5,000 video courses on Lynda.com.

Check your device

See if your device has the minimum IT requirements to study online. You'll be able to check the speed of your internet connection and see if you have the system requirements to sit online exams. The computer system test takes just a few seconds.

“The flexibility of a 100% online degree enables our family to travel while managing a small Australian distribution business, which I do from a co-working space in Ubud, Bali.

My first year of study has filled in a lot of gaps in my business knowledge, which has given me a lot more confidence in running my business. While I can produce and understand financial reports more efficiently, the major benefit has been improving my knowledge and understanding across all areas of business.”

"I have worked in the fast-food industry for over a decade. I became the manager at Subway as a teenager and quickly worked my way up the ranks to become an area manager who is responsible for eight stores. I have a wealth of work experience and a strong management background, but no formal education to back it up. This hit home when I missed out on a job opportunity because I lacked the relevant university qualifications.

Studying online means I can prioritise my time with my young children. I can study full-time and not worry that my degree will interfere with my duties as a full-time mother who runs a household while also working on a casual basis."

“I’d been considering the aged care sector as a career change when my father passed away last year. He’d been living with Parkinsons Disease for some time and then was diagnosed with cancer. It opened my eyes to the kinds of support that older people can access and gave me insight into living with chronic illness.

I am motivated by my personal experiences and enjoy being around older people and making a difference. I know that starting in a new industry means beginning with an entry-level role but I know I have a lot of life and professional experience to offer. ACADEMIC SPOTLIGHT

Dr Elissa Pearson

Program Director
UniSA Justice & Society

“Psychology is a fascinating field that helps us better understand ourselves, those we interact with, and the grand challenges in the world. My work focuses on applying psychological knowledge to conservation issues and exploring how nature supports people’s physical and psychological well-being. I am driven to make a difference through my research and to contribute to the education of the next generation of psychology professionals so you too, can apply the science of psychology across the interesting and diverse careers you choose to pursue.”

STUDENT SPOTLIGHT

Kelly Fox

Criminal Justice student
Case Management Coordinator
SA Government Department for
Correctional Services
SA

“As a Case Management Coordinator, I am tasked with informing prisoners of their rehabilitation program requirements as a part of their individualised plan.

I field questions from prisoners on a daily basis regarding SA Police, prosecutions, court, sentencing, programs, home detention and parole among other things.

A holistic understanding of the criminal justice system is very important in order to give prisoners accurate information as they inevitably interact with each agency within the system.”
