YOUR CAREER STARTS AT UniSA
Travel within the Asia-Pacific region is expected to increase by 1.8 billion people by 2035 – the second highest global growth rate.

Global aviation traffic will grow 4.7% by 2036, leading to increased demand for commercial airline pilots and technicians.

Prepare for a high-flying career through our aviation and safety management programs. Learn about flight planning, crew resource management, aerodynamics and flight operation technology, or the performance and management of safety systems in today’s business environment. Learn from aviation experts in degrees that are industry-aligned, providing up-to-date skills for predicted aviation increases. Enjoy experiential learning through our state-of-the-art flight and airport simulators.

PREPARE FOR TAKE-OFF
Prepare for a career in the skies while still on the ground. A $250,000 flight simulator replicating a Boeing 737NG aircraft has landed at Mawson Lakes Campus for pilot training, as well as safety management and navigation exercises for aviation students. Experience the view from the cockpit, with a 180 degree wrap-around curve screen and high fidelity visuals that simulate real flying conditions. Understand how both the body and mind react during flights and high-pressure scenarios.

The sky’s the limit
A new partnership between UniSA and Qantas is giving aviation students a clear path into one of the world’s leading airlines. The Qantas Group Future Pilot Program is an opportunity for high-performing aviation students to engage with industry and really take off with their career.

Participants will have access to training, mentoring and networking with Qantas pilots, and after completing the program will have the opportunity to work alongside an experienced QantasLink pilot as a First Officer.

With the demand for pilots expected to increase exponentially in the next 20 years, this gives students an important advantage as they take to the skies with an internationally renowned airline.
FLY INTO YOUR CAREER WITH FTA

Take to the skies during your degree with our industry partner, Flight Training Adelaide, who provide high quality practical flight training. Delivered at Parafield Airport near Mawson Lakes Campus, you will develop your knowledge, skills and competencies to sit for a Commercial Pilot Licence. Connect with industry professionals and get career-ready under the supervision of highly experienced instructors. Take off into a career as a first officer in a multi-crew aircraft or as a pilot in command of a single engine operation.

LEARN WITH SMART SOFTWARE

Develop your airport management skills with our Airline Online simulation. This state-of-the-art software allows you to plan, establish and operate a fully-functioning airline. Using realistic and engaging software, you will respond to the demands and constraints of real world airline challenges. You will also analyse, interpret and evaluate data in order to make strategic decisions in a complex environment. Take your career to new heights as you gain knowledge in scheduling, flight operations, air cargo, and airline route structures.
**Become a global citizen**

Develop the skills you need to work internationally and increase your career opportunities by studying a second language. Learn French, Italian, Japanese or English (as an Additional Language) through a Diploma in Languages. Access the Multimedia Languages Lab at Magill Campus and connect with native speakers from around the world in real-time. Graduate with an additional qualification by studying the diploma alongside your undergraduate degree.

unisa.edu.au/languages

**Experience student life**

Enjoy life beyond the classroom by getting involved in campus culture. Connect with new people at O-Week, keep active with UniSA Sport and on-campus fitness centres, or find your tribe with over 100 student clubs to choose from. Discover our wide range of events throughout the year and connect with our student association, USASA.

unisa.edu.au/studentexperience

**Get career ready**

Prepare for your future career from first year with support from our Career Services team. Access our online Career Hub for self-help resources, including tips on resume writing and an interview simulator. There are also professional and exclusive job listings. Connect with a career adviser for help with career mapping, attend industry events to build your professional networks, and walk in to one of our drop-in centres on campus for general careers advice.

unisa.edu.au/careers

“I am focused on training aviation professionals who are ready to step straight into industry. The need for aviation professionals within the Pacific Rim and the Middle East is continuing to increase, and with the entire industry primed for growth, UniSA is preparing its students to be a part of it.”

*Dr. Doug Drury | Senior Lecturer in Aviation*

We collaborate with over 2,500 companies worldwide to bring our students placement, project, research and work opportunities. Connect with industry professionals during your studies and benefit from curriculum informed by the latest industry practices.

Our research is innovative and inspired by challenges. We produce new knowledge that provides solutions to industry, businesses and the wider community. Explore cutting-edge insights in your chosen degree, influenced by our world-class research outcomes.

“Through an aviation degree, you will be equipped with skills to lead and motivate a team, manage threats and errors in your everyday operation, and learn about your own performance limitations. You will gain a rock solid foundation from many experienced people to build an exciting career.”

Grant Price | Captain of Boeing 777 | Emirates Airlines
GETTING TO CAMPUS

Jump on the tram

Take advantage of the new city tram service operating along North Terrace for a convenient ride between City East and City West campuses or stop at other destinations along the way. Visit the Adelaide Metro website for more information.

adelaidemetro.com.au
Campus Connector

We run a free bus service between Magill and Mawson Lakes campuses to make travelling easier for students who need to make the journey, or live in surrounding suburbs. There is even free Wi-Fi on board! Go online for full timetable and route details.

unisa.edu.au/campusconnector
“Before my instructor sent me on my first solo flight, I was feeling quite nervous, but knowing that I was in control of the aircraft with no one sitting beside me was an experience I’ll never forget. Watching yourself grow as a professional pilot is truly an amazing feeling.”

Alexi Currie, aviation pilot graduate
UNDERGRADUATE

Your tertiary learning and career starts with undergraduate study.

To explore our 200+ degrees, visit unisa.edu.au/apply

To learn more about how to apply, visit unisa.edu.au/apply

Note: Published Selection Rank scores are indicative of February 2019 cut-offs.

AVIATION

Bachelor of Aviation (Pilot)

unisa.edu.au/aviation

Study South Australia's only aviation degree and take the first steps towards becoming a commercial airline pilot. Gain fundamental knowledge in aerodynamics, meteorology, navigation, flight planning, human factors, risk and safety management, and aircraft performance. You will also develop strong communication and leadership skills. Access state-of-the-art technologies on campus, including a $250,000 flight simulator replicating the Boeing 737NG. Study theory and practice at the same time and commence flight training from second year under the supervision of highly experienced instructors.

Note: Practical flight training is taught through the Graduate Diploma in Aviation (LGAN), which is studied concurrently with the Bachelor of Aviation (Pilot) (LBAN) from second year. The flight training courses are delivered by FTA at the UniSA Aviation Academy based at Parafield Airport. Applications for the flight training courses are delivered by FTA at the UniSA with the Bachelor of Aviation (Pilot) (LBAN) from second year.

PROGRAM CODE: LBAN | SATAC CODE: 434141

Unisa College pathways: Foundation Studies

Prerequisites: none

Assumed knowledge: none

Develop a global career in aviation management. Build your knowledge in complex airport and flight operations. Focus on key areas such as aviation law, airline finance, operations management, economics and marketing, safety and human factors, and professional and technical communication. Learn about air operations dispatch, airport management, computer controlled flight management systems, crew resource management, flight operation technologies, flight planning and traffic control. Access our state-of-the-art flight simulators to build your understanding of pilot operations and different flying conditions. Benefit from close links to industry with coursework and materials directly aligned to industry needs and international best practice. Complete an aviation project in your final year, which focuses on a real-world challenge and showcases your knowledge along with critical analytical, research and presentation skills.

LANDUAGES

Diploma in Languages

Explore your interests or advance your career by learning another language. Study the Diploma in Languages alongside your undergraduate degree or as a standalone postgraduate qualification. Learn French, Italian, Japanese or English (as an Additional Language). Access the Multimedia Languages Lab at Magill Campus, where you can connect with native speakers from around the world in real-time. Develop your proficiency in listening, speaking, reading and writing in your chosen language, along with your understanding of the related culture and society. Take the opportunity to study in the country of your chosen language through our exchange or in-country study programs.

ENTRY REQUIREMENTS

- This program is open to all students who have completed or are enrolled in a bachelor degree at the University of South Australia or any other Australian university.
- This program is also open to students who have completed or are currently enrolled in a bachelor or master degree, or equivalent qualification, from an approved higher education institution outside of Australia.
- For postgraduate students, this program can be completed as a standalone qualification.

"UniSA was the obvious choice because it was one of the few universities in Australia — and the only in the state — to offer an aviation degree. As someone who is fascinated by airplanes, I have thoroughly enjoyed discovering the mysteries of the aviation industry."

Joshua Chin, aviation pilot graduate
POSTGRADUATE DEGREES

Take your career to the next level and develop your knowledge further through postgraduate study.

To explore our 200+ degrees, visit unisa.edu.au/study

To learn more about how to apply, visit unisa.edu.au/apply

AVIATION

Graduate Diploma in Aviation
unisa.edu.au/aviation

Complete your flight training through this program studied concurrently with the Bachelor of Aviation (Pilot). Learn to fly under the supervision of highly experienced instructors. Develop the knowledge, skills and key competencies to sit for a Commercial Pilot Licence (CPL). Be prepared to work as a first officer in a multi-crew aircraft or as a pilot in command of single engine operations. Submit detailed flight plans and access the latest aerodrome alerts and weather forecasts. Benefit from strong links to industry, including the Civil Aviation Safety Authority (CASA).

CAREERS
Commercial pilot / corporate pilot / firefighting pilot / medical and air ambulance pilot / defence force pilot / flight instructor

Entry Requirements
Applicants must be enrolled in the Bachelor of Aviation (Pilot) (LBAN) program and be selected by a competitive interview and assessment process.

Entry criteria
The selection process includes a face-to-face interview, flight aptitude test and assessment of general English proficiency. The interview will assess the skills and qualities considered important for professional practice including professional behaviour, personal motivation and commitment, ability to communicate clearly and take direction, workload management and organisational skills, compatibility and understanding of the program and the aviation profession.

“My aspiration is to become an Air Traffic Controller. Ever since I sat in the Adelaide Airport control tower at the beginning of my degree, I knew that this is what I want to do. I love the combination of skills including organisation, task and time management, communication, and use of modern day technology for aircraft tracking and positioning. Some of us want to fly, and others like me, we want to help others to fly safely.”

Masters by Research

Doctor of Philosophy

DIVISION OF INFORMATION TECHNOLOGY, ENGINEERING AND THE ENVIRONMENT
• School of Engineering
• School of Information Technology and Mathematical Sciences
• School of Natural and Built Environments

Masters by Research | PROGRAM CODE: LMIE
Doctor of Philosophy | PROGRAM CODE: LPHD

Contribute to the progress of science and technology by investigating a topic of interest. Flourish in a technological hub of theoretical, applied and cross-disciplinary research. Benefit from links to our multimillion-dollar Future Industries Institute located on campus, aimed at transforming the industries of today and seeding the futures of tomorrow. Learn alongside world-class supervisors on industry-based projects focused on meeting the challenges of modern enterprise.

DISCIPLINE AREA
• Applied Physics
• Bioinformatics
• Biomaterials Engineering and Nanomedicine
• Civil Engineering
• Computer and Information Science
• Construction Management
• Electrical Engineering
• Energy and Advanced Manufacturing
• Environmental Science
• Environmental Science and Engineering
• Geographic Information Science
• Information and Communication Technology
• Mathematics
• Mechanical Engineering
• Minerals and Resources
• Statistics
• Systems Engineering

ENTRY REQUIREMENTS
Masters by Research
• Bachelor degree of at least three years in a relevant discipline with a minimum credit average; or
• Honours 1, Honours 2, Honours 3 or an appropriate master’s degree or equivalent qualification; or
• No tertiary qualifications (some discipline areas only) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Doctor of Philosophy (PhD)
• Honours 1, Honours 2A, or an appropriate master’s degree or equivalent qualification.

Alternative entry
• Other postgraduate and undergraduate degrees may be considered for admission into the Masters by Research or Doctor of Philosophy (PhD) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Eligibility for entry into a research degree is also subject to an assessment of the proposed research, supervisor availability, and any University or research-specific eligibility requirements.
APPLYING WITH YEAR 12
Applicants are required to have successfully completed the South Australian Certificate of Education (SACE) with:
- a competitive Selection Rank (ATAR), AND
- the fulfilment of the program's prerequisite requirements (where applicable).
Applicants may also be eligible to compete for entry if they have completed the program's prerequisite requirements and have completed one of the following:
- an interstate or overseas qualification considered by the University as equivalent to SACE, or
- the International Baccalaureate Diploma with a minimum score of 24 points.

ADJUSTMENT FACTORS
Universities in South Australia include ATAR-related adjustment factors (previously known as bonus points) for Australian high school students applying for entry into university via the following schemes:
- The Universities Equity Scheme – provides additional points for students coming from specified schools, as well as individuals experiencing disadvantage.
- The Universities Language, Literacy and Mathematics Adjustment Scheme – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

GUARANTEED ENTRY
UniSA offers guaranteed entry into many programs for domestic Year 12 and VET students. If your Selection Rank (ATAR) or VET award meets the UniSA Guaranteed Entry score for that program, you have met the prerequisites and any other program specific entry requirements, and you have listed the program as your first preference, you are in. It’s guaranteed. Please note application timelines may apply.

ADMISSIONS PATHWAYS
Entering your chosen program straight from high school is not the only pathway into UniSA. Applicants may also meet the minimum requirements to apply for entry (via competitive selection) through one of the following pathways:

Higher Education Study – completion of at least half a year of full-time equivalent study at UniSA or a recognised higher education institution. You can apply using your Grade Point Average (GPA).

Higher Education Diploma – completion of a higher education diploma from UniSA College (applicable programs listed on each bachelor program in this guide), the South Australian Institute of Business and Technology (SAIBT), or another recognised higher education institution.

Special Entry – a competitive Special Tertiary Admissions Test (STAT) score. A personal competencies statement or relevant employment experience may also be considered for some programs.

Vocational Education Training (VET) – applicants may be eligible for entry with the completion of an award from TAFE, or another Registered Training Organisation at AQF Certificate IV or above.

UniSA College – there are a variety of pathway options offered through UniSA College, including diplomas and the Foundation Studies program.

Alternative Pathways – there are a range of alternative pathways including bridging qualifications offered through SAIBT and Eyresbury.

Open Universities Australia – completion of at least four Open Universities Australia (OUA) courses at an undergraduate level or higher.

Before applying
All applicants should check and ensure that they meet all entry and prerequisite requirements before applying. For more information on entry requirements, visit: unisa.edu.au/study

SUPPORT SERVICES
UniSA offers a full range of support services, including career advice, disability and inclusion services, and counselling. For more information, contact (08) 8302 2376 or visit: unisa.edu.au/studentservices

SCHOLARSHIPS
UniSA offers a range of scholarships and grants to support students from all walks of life. Each year, 2,500 students benefit from scholarships at UniSA, providing financial assistance as well as valuable work experience, mentoring opportunities and even overseas travel. For more information and to check the eligibility criteria, visit: unisa.edu.au/scholarships

HOW TO APPLY
Applications to most programs at UniSA are administered through the South Australian Tertiary Admission Centre (SATAC). For more information, visit: unisa.edu.au/apply

For UniSA Online degrees apply directly at, unisaonline.edu.au

FEES
All domestic undergraduate students at the University of South Australia are in Commonwealth-supported places. Students in these places pay a contribution of their fees depending on the program chosen and the contribution band in which those courses are classified (see table below). The amount of your student contribution also depends on the unit value of your courses of study.

As per the Australian Government guidelines, the student contribution amounts for 2019 are:

<table>
<thead>
<tr>
<th>BAND</th>
<th>AREA OF STUDY</th>
<th>STUDENT CONTRIBUTION FOR ONE YEAR OF FULL-TIME LOAD (1.0EFTSL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education</td>
<td>$6,566</td>
</tr>
<tr>
<td>2</td>
<td>Computing, built environment, health, engineering, surveying, agriculture, Mathematics, statistics, science</td>
<td>$9,359</td>
</tr>
<tr>
<td>3</td>
<td>Law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce</td>
<td>$10,958</td>
</tr>
</tbody>
</table>

Some postgraduate programs are also Commonwealth-supported (or CSP), while others are full fee-paying; this is listed on applicable programs. For programs under 1.0 year full-time study, fees are listed as the whole program fee (indicative of 2019). For programs over 1.0 years full-time study, fees are listed based on the cost per annum (indicative of 2019). For more information on fees including eligibility for Commonwealth-supported places, deferring your student contribution through HECS-HELP or FEE-HELP loans, please visit: unisa.edu.au/fees

Need some help? Contact Future Student Enquiries on (08) 8302 2376 or submit an enquiry via unisa.edu.au/enquire
UNISA SPORT
Get involved with UNISA Sport and join one of our 25+ sporting clubs – from athletics to volleyball, there’s something for everyone. Take advantage of the pool and gym facilities at Pridham Hall in the city’s West End or access other on-campus fitness centres.

Student accommodation
UNISA offers a range of student accommodation options, including the new UNISA Student Accommodation by Urbanest located in the Adelaide CBD.

Tour of campus
Our events give you the opportunity to take a tour around campus, attend presentations, ask questions about different degrees and careers, and talk to current staff and students.
