UniSA College provides a range of educational opportunities to assist further study. Our programs are designed primarily for people who do not have the qualifications to gain direct entry into a bachelor degree, offering an alternative pathway into university.

Our programs prepare you for university study by building your academic skills and prerequisite knowledge. You will experience life as a UniSA student, be taught by UniSA staff and have access to the full range of support services that the University provides.

By successfully completing your chosen program, you will have the opportunity to seamlessly transfer into a range of undergraduate degrees at UniSA.

We also offer pathway options specifically for Aboriginal students through the Aboriginal Pathway Program (APP), which is delivered in Adelaide, Ceduna, Mount Gambier, Whyalla and Port Lincoln.

At UniSA College, you will feel inspired to study and achieve your career goals. Use this guide to find out how you can prepare for your future career.
The academic programs offered by UniSA College include the one-year Foundation Studies program, the 18-month Aboriginal Pathway Program, and a range of two-year diplomas. These programs can be used as a pathway into a UniSA bachelor degree, or as a back-up option if you did not receive an offer into one of your preferred degrees.

More than 90 UniSA undergraduate degrees are linked to our diploma programs. Students who successfully complete a diploma are guaranteed entry into the second year of their linked bachelor degree with UniSA, receiving study credit for the first year. If you are interested in studying a linked UniSA degree, a diploma program might be the best pathway for you.

If you are interested in a UniSA degree that is not linked to a UniSA College diploma, the Foundation Studies program can be used as a competitive pathway option.

For full entry criteria and details about prerequisite requirements, visit:

**DIPLOMAS**
*Two years full-time study or equivalent.*

- **Diploma Year 1**
  Study core courses that will prepare you for university study.

- **Diploma Year 2 / First Year Bachelor Degree**
  Study the first year courses of your linked* UniSA bachelor degree with additional support from UniSA College.

*Linked degrees are listed on page 4.

- **Second Year Bachelor Degree**
  After successfully completing Year 1 and Year 2, you will graduate with a diploma qualification and continue with the second year of your linked UniSA bachelor degree.

**FOUNDATION STUDIES**
*One year full-time study or equivalent.*

- Study eight foundation courses that will prepare you for university study.

- Use your competitive Grade Point Average (GPA) to apply for a UniSA bachelor degree of your choice.

- Start first year of your UniSA bachelor degree (competitive entry criteria applies).

**ABORIGINAL PATHWAY PROGRAM**
*18 months full-time study, or equivalent, available in both Adelaide and regional locations.*

- Study foundation courses and participate in intensives and weekly tutorials that will prepare you for university study.

- Use your competitive Grade Point Average (GPA) to apply for a UniSA bachelor degree of your choice.

- Start first year of your UniSA bachelor degree (competitive entry criteria applies).

Ibrar Ahmad
Completed Foundation Studies
Studying Bachelor of Medical Radiation Science (Medical Imaging)

“When I started uni I knew that I would have the chance to follow my dream of becoming a doctor. When it comes to UniSA College I feel at home. It’s my place, and now I’m living my dream.”
UniSA College offers seven diploma programs in areas such as arts, business, construction, engineering, information technology, health, and science and the environment.

When you successfully complete your diploma program, you are guaranteed entry into a UniSA undergraduate degree.

Your home campus will be City West, and depending on your linked degree selection, you may also study other courses at City East, Magill or Mawson Lakes.

ENTRY REQUIREMENTS

Applicants may be eligible if they have one of the following:

- A competitive Selection Rank of at least 50 (including adjustment factors)
- A STAT score of approximately 139 or higher
- An interstate or overseas qualification considered by the University as an equivalent to SACE
- A recognised Certificate III or Certificate IV from TAFE or a registered training organisation

In addition, applicants must:

- Be an Australian citizen, a New Zealand citizen or the holder of an Australian permanent visa; AND
- Meet the relevant citizenship and residency requirements for a Commonwealth Supported Place.

Please note: applicants who have completed a TAFE/VET award at diploma level or above, or who have studied at the higher education level for more than two years, will not be considered for admission into these programs.

To explore our programs further, visit:
unisa.edu.au/unisa-college
The Diploma in Arts is a two-year program that will prepare you to study a wide range of degrees ranging from education to architecture. The Diploma in Arts is an alternative pathway that guarantees access into UniSA’s most popular arts-related programs including teaching and social work. There are still entry requirements for this diploma, but they are set lower than those of a degree.

In first year, you will complete core courses that develop your critical writing, communication, numeracy and research skills. In second year, you will study first-year courses from your linked bachelor degree. You will sit in the same lectures and tutorials as other first-year students, but you can still rely on UniSA College for extra support.

Katherine Burrows
Completed Diploma in Arts
Studying Bachelor of Social Work

"The College taught me everything about uni— how to reference, how to write an essay and how to do the general stuff you don’t think you need to know going into uni. After Year 12 I had a lot of self-doubt and lacked confidence, but being in an environment where I did quite well gave me the belief that I can actually study and achieve things. It gave me that confidence.”
Diploma in Business

The Diploma in Business is a two-year program that will give you the confidence to study one of UniSA’s many business-related degrees including property, finance and tourism.

The Diploma in Business is an alternative pathway that guarantees access into UniSA’s most popular business programs, including real estate and marketing. There are still entry requirements for this diploma, but they are set lower than those of a degree.

In first year, you will complete core courses that will develop your critical writing, communication, research, numeracy and quantitative skills, and develop your understanding of economics and finance. In second year, you will study first-year courses from your linked bachelor degree, including Accounting for Business, Marketing Principles: Trading and Exchange, and Management and Organisation. You will sit in the same lectures and tutorials as other first-year students, but you can still rely on UniSA College for extra support.

The bachelor degrees linked to this diploma include:

- Business
- Business (Design and Marketing)
- Business (Economics, Finance and Trade)
- Business (Finance)
- Business (Financial Planning)
- Business (Human Resource Management)
- Business (Information Strategy and Management)
- Business (Innovation and Entrepreneurship)
- Business (International Business)
- Business (Legal Studies)
- Business (Logistics and Supply Chain Management)
- Business (Management)
- Business (Marketing)
- Business (Property)
- Business (Real Estate Practice)
- Business (Sport and Recreation Management)
- Business (Tourism and Event Management)
- Commerce (Accounting)
- Commerce (Accounting)/Business (Finance)

UniSA Online degrees:

- Business (Human Resource Management)
- Business (Management)
- Business (Marketing)
- Commerce (Accounting)
- Financial Planning

Thinking about a career in accounting, legal studies or marketing?

Kallen Todd
Completed Foundation Studies
Studying a Bachelor of Business (Tourism and Event Management)

“Being 37 and having four kids at home doesn’t mean you can’t go to uni. It just means you have to structure your life a bit better. UniSA College has definitely helped with my goal of studying a business degree.”
Lana McCreight
Completed Foundation Studies
Studying Bachelor of Physiotherapy (Honours)

“I never thought that I would have the opportunity to learn, grow and do something that’s going to make so much of a difference in the world. The College changed my life and I don’t know where I would be without it.”

Have you always wanted to work in healthcare, with a career in nursing, human movement or nutrition?

The bachelor degrees linked to this diploma include:
- Exercise and Sport Science
- Health Science (Public Health)
- Human Movement
- Laboratory Medicine (Honours)
- Medical Science
- Nursing
- Nursing (Mount Gambier)
- Nutrition and Food Sciences
- Pharmaceutical Science

UniSA Online degrees:
- Community Health
- Health Science (Nutrition and Exercise)

Diploma in Health

The two-year Diploma in Health is designed to prepare you for study in a variety of health-related areas including nursing, human movement and pharmaceutical science.

The Diploma in Health is an alternative pathway that guarantees access into UniSA’s most popular health programs, including sports science, human movement and nutrition. There are still entry requirements for this diploma, but they are set lower than those of a degree. It is also offered in Mount Gambier for regional students interested in studying nursing or midwifery.

In first year, you will complete core courses that develop your critical writing, study, communication, numeracy and research skills. In second year, you will study first-year courses from your linked bachelor degree. You will sit in the same lectures and tutorials as other first-year students, but you can still rely on UniSA College for extra support.
Each diploma provides a pathway into a diverse range of degrees ranging from cybersecurity and software development to engineering, environmental science and more.

These diplomas provide an alternative pathway that guarantees you access into popular UniSA degrees in IT, construction management and a range of engineering disciplines. There are still entry requirements for these diplomas, but they are set lower than those of a degree.

In first year, you will complete core courses that develop your critical writing, study, communication, numeracy and research skills. In second year, you will study first-year courses from your linked bachelor degree. You will sit in the same lectures and tutorials as other first-year students, but you can still rely on UniSA College for extra support.
The bachelor degrees linked to the Diploma in Construction include:

- Construction Management
- Construction Management (Honours)

**UniSA Online degrees:**
- Construction Management
- Construction Management (Honours)

The bachelor degrees linked to the Diploma in Engineering include:

- Engineering (Flexible Entry)
- Engineering (Honours) (Civil)
- Bachelor of Engineering (Honours) (Civil and Structural)
- Engineering (Honours) (Civil and Construction Management)
- Engineering (Honours) (Electrical and Mechatronic)
- Engineering (Honours) (Electrical and Electronic)
- Engineering (Honours) (Mechanical)
- Engineering (Honours) (Mechanical and Advanced Manufacturing)
- Engineering (Honours) (Mechanical and Mechatronic)

The bachelor degrees linked to the Diploma in IT include:

- Information Technology
- Information Technology (Games and Entertainment Design)
- Information Technology (Mobile Application Development)
- Information Technology (Networking and Cybersecurity)
- Information Technology (Software Development)
- Software Engineering (Honours)

**UniSA Online degrees:**
- Information Technology and Data Analytics

The bachelor degrees linked to the Diploma in Science and the Environment include:

- Environmental Science
- Science

Laurena Byers
Completed Foundation Studies
(Mount Gambier)
Studying Bachelor of Social Work

"The College has helped me reach my goals by acting as a foundation. If I went straight into my degree, I wouldn’t know how to write an essay or structure a project document. It’s helped me gain an insight into the work I need to do, to get to where I want to be."
The Foundation Studies program offered by UniSA College will build your academic skills and prerequisite knowledge. Study in Adelaide at City West Campus, or in regional locations including Whyalla and Mount Gambier.

ENTRY REQUIREMENTS

No formal minimum entry requirements apply.

Applicants who have not completed SACE or a Certificate III must be at least 18 years old before February 1st of the year of intended enrolment for Study Period 2, or 18 years old before July 1st for enrolment in Study Period 5.

In addition, applicants must:

• Be an Australian citizen, a New Zealand citizen or the holder of an Australian permanent visa;
  AND
• Meet the relevant citizenship and residency requirements for a Commonwealth Supported Place.

Please note: applicants who have completed a TAFE/VET award at Certificate IV or above, or who have studied at the higher education level will not be considered for admission into this program.

To explore this program further, visit: unisa.edu.au/unisa-college
Foundation Studies

Foundation Studies is a one-year full-time program for students with no previous qualifications, or for school leavers without a Selection Rank score. Completion of this program will give you competitive entry into any UniSA degree using your grade point average.

As a Foundation Studies student, you will study core courses that will develop your critical writing, communication, research and study skills. You can also choose elective courses as an introduction to a specific area of interest, such as health or business.

Foundation Studies is a great introduction to university life, preparing you for further studies in the discipline area of your choice.

You can explore a range of degrees in disciplines such as:

- Business
- Education, Arts and Social Sciences
- Engineering and the Environment
- Health Sciences
- Information Technology

Fipe Moli

Completed Foundation Studies and studying Bachelor of Early Childhood Education (Honours)

“When I first started at uni I was so nervous, but during my first class I started making friends. UniSA College helps you in a lot of ways. Doing Foundation Studies has been a big part of my life and it’s going to help me become a teacher.”
The Foundation Studies program is also offered at UniSA’s regional campuses in Whyalla and Mount Gambier.

Regional students can enrol in a mixture of on-campus and online courses focusing on the knowledge and skills required for a smooth transition into university study with UniSA.

After completing the Foundation Studies program, regional students can choose to stay local and study at one of the UniSA regional campuses (see offered degrees below), relocate to study in Adelaide or choose to study a degree offered by UniSA Online.

**UniSA DEGREES OFFERED IN WHYALLA**
- Early Childhood Education
- Primary Education
- Nursing
- Social Work

**UniSA DEGREES OFFERED IN MOUNT GAMBIER**
- Early Childhood Education
- Primary Education
- Midwifery*
- Nursing
- Social Work
- Diploma in Health

*Study core courses online and complete intensive clinical workshops on campus.

**UniSA ONLINE**
For students looking to continue studying regionally, UniSA Online offers a variety of 100% online degrees, giving students full control and flexibility over their study.

To see what is available, visit: unisaonline.edu.au
ENTRY REQUIREMENTS

There are no formal qualifications or admission requirements for entry into this program.
STRONG LEARNING FOUNDATIONS

Prepare for university by completing courses that will develop your critical writing, communication, numeracy, and research and study skills. Choose additional courses that are prerequisites for UniSA bachelor degrees or related to your preferred field of study. Study business courses if you are interested in marketing or tourism; education courses if teaching interests you; arts and media courses for careers in creative industries; science and technology subjects for careers in IT and engineering; or health science courses for a career in healthcare or medical science.

Choose from a range of electives and be ready to move into your preferred UniSA bachelor degree. Be taught by experienced academics and industry professionals, and transition into tertiary study on successful completion of your program.

VIBRANT CAMPUS LIFE

The Foundation Studies and diploma programs are offered at City West Campus, but you may also find yourself studying at City East, Magill or Mawson Lakes depending on your course selections. The Foundation Studies program is also offered regionally at our Mount Gambier and Whyalla campuses, and the Diploma in Health is also offered in Mount Gambier. The Aboriginal Pathway Program (APP) is offered in Adelaide (City West), Ceduna, Mount Gambier, Port Lincoln and Whyalla.

Access modern, purpose-built facilities fitted with the latest tools and technologies across our campuses. Enjoy a full student life through events, entertainment, sporting, social and cultural clubs, volunteering opportunities and more.

FLEXIBLE STUDY OPTIONS

We understand that not all students can study full-time, so we offer flexible study options to suit you. You can choose between full-time or part-time study, with some courses also available online.

Your study schedule will be divided into contact hours – the time you spend in lectures and tutorials – and independent study, including your personal research and assignment work. Study hours depend on the program you choose and the amount of additional work you put in. Generally, full-time study is equivalent to 40 hours per week of work through a combination of on-campus and online classes, along with independent study.

ACCESS SUPPORT SERVICES

Access UniSA’s range of expert support services and settle in to university life before you begin studying a bachelor degree. Support services include academic and personal counselling, social support and accommodation services, library services, wellbeing resources and advice, and community health clinics.
The award-winning Jeffrey Smart Building, located at UniSA’s City West Campus, features the very best in modern learning facilities. It boasts over $8 million in new technologies and has a 5 Green Star Rating. Take a virtual tour at unisa.edu.au/jsb
APPLICATION INFORMATION

Before you apply
Make sure you meet the entry requirements for your preferred program(s). See page 12 (Foundation Studies) or page 7 (diplomas) for more information.

How to apply
Applications to most programs at UniSA, including most UniSA College programs, are administered through SATAC.

Applications open in early August each year for study the following year. After applications open, you must submit an application online via the SATAC website.

During the application process you will need to choose your program preferences. To do this you can search for programs using the SATAC codes found in this brochure. You can choose up to six preferences on your application. If you are applying for a bachelor program, you may like to consider UniSA College programs as lower preferences.

You have up until the Change of Preference deadline to finalise your preferences. Before this date you will be able to add and remove preferences, as well as change the order of your preferences.

To apply for UniSA College programs, visit: unisa.edu.au/unisa-college

To apply for the Aboriginal Pathway Program, visit: unisa.edu.au/app

After you have applied
Be aware of the important key dates regarding your application, which can be found on the SATAC website.

We recommend you apply before the early closing date in September. You may still submit an application up until the equal consideration closing date, however a late fee may apply. If you are applying after the deadline, please contact Future Student Enquiries.

Once you have submitted your application, remember to pay your SATAC application fee, otherwise you will not receive an offer.

The main round of offers is in mid-January each year and sent via email. For more information, visit: satac.edu.au

ADJUSTMENT FACTORS

Universities in South Australia include ATAR-related adjustment factors (previously known as bonus points) for Australian high school students applying for entry into university via the following schemes:

The Universities Equity Adjustment Scheme – provides additional points for students coming from specified schools, as well as individuals experiencing disadvantage.

The Universities Language, Literacy and Mathematics Adjustment Scheme – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

Need some help? For further information, visit: unisa.edu.au/adjustmentfactors

or contact Future Student Enquiries by phone (08) 8302 2376 or submit an online form at: unisa.edu.au/enquire

GUARANTEED ENTRY

UniSA offers guaranteed entry into many programs for domestic Year 12 and VET students. If your Selection Rank (ATAR) or VET award meets the UniSA Guaranteed Entry score for that program, you have met the prerequisites and any other program specific entry requirements, and you have listed the program as your first preference, you are in. It’s guaranteed. Please note application timelines may apply.

unisa.edu.au/guaranteed

SCHOLARSHIPS

UniSA offers a range of scholarships and grants to support students from all walks of life. Each year, 2,500 students benefit from scholarships at UniSA, providing financial assistance as well as valuable work experience, mentoring opportunities and even overseas travel. For more information and to check the eligibility criteria, visit:

unisa.edu.au/scholarships
FEES

How much will it cost?

The Foundation Studies program has no tuition fee, although a Student Services and Amenities Fee applies.

The diploma programs have Commonwealth Supported fees that are determined by the Australian Government. Students are charged per semester based on the courses ('bands') they are enrolled in.

As per Australian Government guidelines, the student contribution amounts for 2019 are:

<table>
<thead>
<tr>
<th>Band</th>
<th>Field of Education</th>
<th>1 EFTSL</th>
<th>0.125 EFTSL</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education</td>
<td>$6,566</td>
<td>$820</td>
</tr>
<tr>
<td>2</td>
<td>Computing, built environment, health, engineering, surveying, agriculture mathematics, statistics, science</td>
<td>$9,359</td>
<td>$1,169</td>
</tr>
<tr>
<td>3</td>
<td>Law, dentistry, medicine, veterinary science, accounting, administration, economics, commerce</td>
<td>$10,958</td>
<td>$1,369</td>
</tr>
</tbody>
</table>

HECS-HELP loan

Australian citizens and holders of permanent humanitarian visas can defer payment of their diploma fees under the HECS-HELP loan scheme until they are earning a specified salary*. If students defer payment for the full amount of their student contribution, they will not pay any course fees upfront.

If you are applying as an Australian permanent resident or a New Zealand citizen, you are eligible for Commonwealth Supported fees but not a HECS-HELP loan. This means you are required to pay upfront each semester.

Applications for HECS-HELP are made as part of the enrolment process once a student is accepted into the program.

*Repayments must be made when a student reaches a defined minimum income threshold. For the 2018–2019 income year the threshold is approximately $51,957 per annum. Repayments are 4% of the student's taxable income and up to 8% for salaries $100,520 and above. Voluntary repayments can also be made.

Student Services and Amenities Fee (SSAF)

All UniSA College students studying on-campus are required to pay a Student Services and Amenities Fee (SSAF) as determined by the Australian Government. In 2019, SSAF was capped at $303 per year. This fee may also be deferred on a SA-HELP loan.

Make it a priority to attend orientation activities. O-Week is a great time to meet your lecturers and fellow students and is the best time to sign up for UniSA Sport teams, the student association (USASA), and clubs and societies.

Make it a priority to attend orientation activities. O-Week is a great time to meet your lecturers and fellow students and is the best time to sign up for UniSA Sport teams, the student association (USASA), and clubs and societies.

Your university adventure starts here. Keep O-Week free to explore your campus, find lecture rooms, plan your timetable, navigate through your student portal, and make new friends.

Benjamin Van Loggem
Completed Foundation Studies
Completed Master of Architecture

"Looking back, UniSA College was the catalyst that made my achievements possible. It was the spark that made me start my journey. Without Foundation Studies, I don’t think I would have had the confidence to attempt an undergraduate degree. It really was the stepping stone into the architecture course and has held me in good stead working at the award-winning architecture firm, Grieve Gillett Andersen."
