LAW AND CRIMINAL JUSTICE

Pictured: Lachlan Merrigan, law graduate.

Seeking justice with the United Nations

A passion for human rights inspired a UniSA law graduate to travel abroad and support international communities in need.

During his studies, Lachlan Merrigan (pictured) received a UniSA scholarship to intern with the United Nations Assistance to the Khmer Rouge Trials (UNAKRT) at the Extraordinary Chambers in the Courts of Cambodia (ECCC). These courts were established to bring senior leaders from Democratic Kampuchea to trial, who are alleged to have committed Crimes Against Humanity in the 1970s.

Lachlan supported senior lawyers and international experts in the Office of Co-Prosecution to prepare for one of the trials.

"I worked with a team from around the world to analyse facts, conduct legal research and write a submission for the Office's trial brief.

"I really enjoyed the opportunity to develop a global perspective of the legal profession and interpret the law differently – the experience encouraged me to step outside my comfort zone."

REAL-WORLD EXPERIENCE

Practical learning is important, so we incorporate hands-on experience into your degree. Be involved in advocacy training in our on-campus moot court, or provide advice through our student-run Legal Advice Clinic under the supervision of a managing solicitor. Our teachers are also researchers, who partner with more than 200 organisations worldwide to create solutions that shape business, industry and policy. We contribute to new knowledge and global understanding, and then share these insights with you.

GRADUATE WITH AN EDGE

Graduate with a top-ranking law degree and honours with a difference. Choose from a range of specialist electives to expand your knowledge in an area of interest, then round out your degree with advanced research or real-world learning.

In final year, you can choose from:

- A placement at a law firm, public organisation, industry partner, or our student-run Legal Advice Clinic;
- A law reform course, where you will become involved with contemporary legal issues that influence policy and change; or
- A research pathway, where you can investigate a topic of your choice.

DOUBLE YOUR KNOWLEDGE

Broaden your expertise and increase your career opportunities by studying a double degree combining law with a second discipline. Specialise in two fields and graduate with two degrees in only one extra year of study. You can pair your law degree with areas such as business, accounting, arts, journalism and professional writing, and psychology; or consider your very own combination. Apply on entry, or combine your qualifications during your studies.

BUILD YOUR NETWORKS

We have more than 60 partners for semester exchanges, study tours and internships across Asia, Europe and the Americas. Gain practical experience by working on current business challenges and develop the professional skills needed for a global career. During your degree, you will also have opportunities to develop your networks, meet industry experts and immediately apply your learnings to real-world environments. You can complete an internship, be mentored by a legal professional or engage in an industry project.

FUTURE-PROOF YOUR CAREER

Being career-ready is about developing transferable skills that you can take with you across your professional life. That's why we have created a suite of *Enterprise Skills*, which are integrated into your degree. You will explore essential skills in self-management, problem solving, teamwork, ethical awareness, communication and international perspectives. You will also be able to upskill throughout your studies with online resources that can be accessed anywhere, anytime.

DISCOVER MORE WAYS TO STUDY

Our flexible study options are designed to suit your lifestyle, preferred way of learning and career interests. You can benefit from full-time or part-time learning, two study intakes, Summer and Winter School intensives, mentoring and networking opportunities, as well as accelerated learning pathways. You can also join our active student community with the UniSA Law Students Association (USALSA) – an independent body that provides educational and vocational support, and hosts a variety of social and networking events.

Learn a language

Develop the skills you need to work internationally and increase your career opportunities by studying a second language. Learn French, Italian, Japanese or English (for speakers of English as a second language) through a Diploma in Languages. Access the Multimedia Languages Lab at Magill Campus and connect with native speakers from around the world in real-time. Graduate with an additional qualification by studying the diploma alongside your undergraduate degree.

MOOT COURT / This mock courtroom is based at City West Campus and is utilised as a central learning space for law students to practise their presentation skills.

"Employers often tell us that UniSA law graduates show strength in taking initiative with a 'can do' attitude, and are prepared for the challenges of the legal profession – this is testament to our teaching ethos and culture of engagement. Our industry

connections allow students to hear from experts about how the law is applied, which adds an invaluable element to their learning.

As a former lawyer and now teacher and researcher, I want to prepare students for their future careers as legal professionals and we have so many fantastic members of the legal community who are pleased to share their time and expertise."

A young man with short brown hair, wearing a red, white, and blue checkered button-down shirt, dark blue trousers, and brown leather shoes, is sitting on a teal armchair. He is smiling at the camera and holding a thick book in his lap. The background features wood-paneled walls and a staircase with a wooden railing. A large, round, white pendant light hangs above him.

“The Legal Advice Clinic was a fantastic opportunity to put all the accumulated knowledge over the course of my law degree into practical application by providing pro-bono legal services to the community. The practical skills I gained have been invaluable to me as a legal clerk.”

For some degrees, applicants who have not achieved the Selection Rank (ATAR) required for automatic selection into their preferred degree may be selected for any remaining places based on the grades of their Year 12 subjects.

ADJUSTMENT FACTORS

Universities in South Australia include ATAR-related adjustment factors (previously known as bonus points) for Australian high school students applying for entry into university via the following schemes:

- **The Universities Equity Scheme** – provides additional points for students coming from specified schools, as well as individuals experiencing disadvantage.
- **The Universities Language, Literacy and Mathematics Adjustment Scheme** – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

GUARANTEED ENTRY

UniSA offers guaranteed entry into many programs for domestic Year 12 and VET students. If your Selection Rank (ATAR) or VET award meets the UniSA Guaranteed Entry score for that program, you have met the prerequisites and any other program specific entry requirements, and you have listed the program as your first preference, you are in. It's guaranteed. Please note application timelines may apply.
