ComparED (QILT): Course Experience Questionnaire 2018-19 – Teaching Quality Indicator (Undergraduate). Public SA-founded universities only.

New window to the soul

It's often said that the eyes are the window to the soul, revealing our thoughts and feelings. Now, new research reveals that your eyes may also be an indicator of your personality type, simply by the way they move.

A study by UniSA researchers in collaboration with international partners is using state-of-the-art machine-learning algorithms to demonstrate a link between personality and eye movements, with findings showing that eye movement can tell whether people are sociable, conscientious, or curious.

The study delivers important insights for social robotics, and its findings could help to improve interaction between humans and machines, making robots and computers more natural and better at interpreting human social signals.

With automation in customer service industries on the rise, in the future these findings could lead to improved personalised services and more authentic interactions with machines.

REAL-WORLD EXPERIENCE

During your studies, you will have opportunities to develop your networks, meet industry professionals and immediately apply your learnings to real-world environments. Complete fieldwork or a placement in a domestic or international setting, or collaborate with industry on cutting-edge research activities. Postgraduate students can also gain practical clinical experience in our on-campus Psychology Clinic, where you will treat real patients under the supervision of fully qualified clinical psychologists and gain hands-on experience across a range of therapeutic skills.

STUDY A UNIQUE DEGREE

We offer South Australia's only degree in cognitive neuroscience, as well as unique degrees that specialise in ageing and disability, and counselling and interpersonal skills. Working alongside experienced practitioners and academics, you will develop the knowledge and skills to empower others, solve complex problems, and meet the wellbeing needs of individuals, families and carers across a range of sectors.

DOUBLE YOUR KNOWLEDGE

Enhance your career opportunities with a double degree. Combine your psychology qualification with a second discipline in law, human resource management, exercise and sport science, human movement or human services. Examine human behaviour and its application in different contexts and environments, and focus your studies on your interests and career goals.

ENGAGE IN GROUND-BREAKING RESEARCH

The Behaviour Brain Body Research Centre, based at Magill Campus, combines expertise in sleep, nutrition, and activity, and works to understand their combined impact on people across the lifespan. Researchers work collaboratively on projects that investigate a diverse range of topics, including the effects of sleep on human performance, cognitive decline and prediabetic dementia, and fatigue management and minimising risk with shift workers. You can get involved and gain valuable practical experience by participating in research studies and projects during your degree.

unisa.edu.au/bbbr

ABORIGINAL EMPLOYMENT PATHWAYS

We have partnered with SYC's youth services division, HYPY (Helping Young People Achieve), to develop an employment pathway initiative for Aboriginal and Torres Strait Islander students who are studying psychology, human services and social work. Students will be engaged in paid work while they study, with the possibility of continuing employment after graduation.

unisa.edu.au/iep

SOCIAL WORK STUDIOS / Designed to simulate a professional environment, the studios are used to practice real life counselling scenarios and are equipped with the latest video recording equipment and one-way mirrors so students can observe and provide peer feedback.

CENTRE FOR COGNITIVE AND SYSTEMS NEUROSCIENCE / A research and learning centre focused on cutting-edge research exploring the human brain and behaviour to help improve cognitive health and human performance across the lifespan.

Learn a language

Develop the skills you need to work internationally and increase your career opportunities by studying a second language. Learn French, Italian, Japanese or English (for speakers of English as a second language) through a Diploma in Languages. Access the Multimedia Languages Lab at Magill Campus and connect with native speakers from around the world in real-time. Graduate with an additional qualification by studying the diploma alongside your undergraduate degree.

unisa.edu.au/languages

Experience student life

Enjoy life beyond the classroom by getting involved in campus culture. Connect with new people at Orientation, keep active with UniSA Sport and on-campus fitness centres, or find your tribe with more than 100 student clubs to choose from. Discover our wide range of events throughout the year and connect with our student association, USASA.

unisa.edu.au/studentexperience

Get career ready

Prepare for your future career from first year with support from our Career Services team. Access our online Career Hub for self-help resources, including tips on resume writing and an interview simulator. There are also professional and exclusive job listings. Connect with a career adviser for help with career mapping, attend industry events to build your professional networks, and walk into one of our drop-in centres on campus for general careers advice.

unisa.edu.au/careers

"My job is to ensure that students are ready to support diverse people living with disability or experiencing ageing. It's important to develop the right skills to help build family leadership, valued social roles, person centred services and social inclusion, so that individuals, families and communities can live more enriching lives."

Caroline Ellison | Program Director: [Bachelor of Social Science \(Ageing and Disability\)](#)

ONE OF THE BEST YOUNG UNIVERSITIES IN AUSTRALIA FOR TEACHING QUALITY

Ranked #2, 2019 *THE* Young University Rankings.

PRACTICAL LEARNING

UniSA offers more than 200 world-class degrees across a wide range of discipline areas. You will learn in a highly practical environment. Take the opportunity to complete an internship or placement during your studies, learning from experts in a real-world setting. Build your networks and graduate career-ready with the skills required of tomorrow's professionals.

TOP RANKING TEACHERS

Make your study experience relevant, and learn from highly qualified academics and industry professionals. In fact, UniSA is one of Australia's best young universities for teaching quality (Ranked #2, 2019 *THE Young University Rankings*).

WORLD-CLASS FACILITIES

Study in modern, purpose-built facilities across all six UniSA campuses. Learn with the latest industry-standard tools and technologies that will take you from the classroom into the workplace. This includes state-of-the-art laboratories, collaborative learning areas, creative studios, workshops and simulation spaces.

POWERFUL PARTNERSHIPS

We collaborate with more than 2,500 companies worldwide to bring our students placement, project, research and work opportunities. Connect with industry professionals during your studies and benefit from curriculum informed by the latest industry practices.

REAL RESEARCH

Our research is innovative and inspired by challenges. We produce new knowledge that provides solutions to industry, businesses and the wider community. Explore cutting-edge insights in your chosen degree, influenced by our world-class research outcomes.

"The experience gained in industry during your studies will enable you to apply your learning, but also develop a range of skills, capacities, and attributes that are valued by employers, and which help to compete in an increasingly demanding job market."

UniSA College pathways: Foundation Studies

Prerequisites: none

Assumed knowledge: none

Study a four-year degree in psychology and graduate with honours. Develop an advanced understanding of critical psychology theory and prepare for a career as a clinical psychologist that can work across a diverse range of settings. Study specialist courses covering areas such as developmental psychology; cognitive psychology; health psychology; work and organisational psychology; language, context and social behaviour; counselling; conservation psychology (the relationship between humans and nature); psychophysiology of sleep; and psychological research. Learn in state-of-the-art facilities located on campus including the Centre for Cognitive and Systems Neuroscience research lab, and a live-in Sleep and Chronobiology Laboratory. Complete a major research project in your final year focusing on a specific area of interest. Take the opportunity to study part of your degree overseas through a study exchange. Graduate with a degree accredited by the Australian Psychology Accreditation Council (APAC) and be eligible for membership with the Australian Psychological Society. Continue your studies through the Master of Psychology (Clinical) to become an accredited clinical psychologist.

Note 1: To become a professional practising or research psychologist, students must continue their studies through a two-year Master of Psychology (Clinical) or Doctor of Philosophy (PhD).

Note 2: Fourth year entry is available for those with a completed, APAC-recognised three year undergraduate degree in psychology (selection criteria apply). Apply directly at unisa.edu.au/applyonline

Study South Australia's only double degree in human movement and psychology. Develop a holistic understanding of the impact that physical activity has on human biology, psychology and social development. Explore core areas such as human anatomy and physiology, growth and motor development, nutrition, and group and team psychology, biomechanics, cognitive psychology, counselling foundations and developmental psychology. Learn in state-of-the-art facilities on campus including the fully-equipped Gym and Exercise Physiology and Biomechanics Laboratories. Gain valuable hands-on experience by completing a practical industry placement during your studies. Graduate industry-ready with a degree accredited by the Australian Psychology Accreditation Council (APAC). Graduates can also apply for fourth year psychology programs, as well as level 1 membership with the Australian Counselling Association – *criteria apply*.

Note 1: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) and complete a one-day Child Safe Environments course. Some placements may also require students to have a current driver's licence, National Police Check, Responding to Abuse and Neglect training, or a recognised First Aid Certificate.

Note 2: To become a professional practising or research psychologist, students must continue their studies through a one-year Bachelor of Psychology (Honours) and then a two-year Master of Psychology (Clinical) or Doctor of Philosophy (PhD).

CAREERS

Sports coach / community and allied health worker / health and wellbeing adviser / sport development officer / research assistant / health counsellor / clinical psychologist or teacher (with further study)

✓ part-time study available

UniSA College pathways: Foundation Studies

Prerequisites: none

Assumed knowledge: none

Graduate with a top-ranking law degree and professional honours, along with a second degree in psychology. Study core courses and concepts that underpin the Australian legal system including areas such as torts, contracts, criminal law and constitutional law. You will also develop in-depth knowledge about human behaviour, social services and human resources by exploring key concepts in psychology. Choose from a range of specialist psychology courses to tailor your degree, including Psychological Assessment, Psychophysiology of Sleep, Health Psychology, and Work and Organisational Psychology. Experience practical learning in a moot court and engage with our student-run Legal Advice Clinic, working with clients under the supervision of a managing solicitor. You will also complete a professional work placement totalling 150 hours as part of your psychology degree. Get career ready with opportunities for international study tours or exchanges, as well as local and national internships. You can also participate in a law reform project or conduct high-level law research during your final year.

Note 1: This double degree covers the academic requirements for admission to practice (the Uniform Admissions Rules) as specified by the National Law Admissions Consultative Committee. Students seeking admission to practice law must satisfy a number of specified course requirements within their degree, followed by the completion of Practical Legal Training.

Note 2: The Bachelor of Psychology is accredited by the Australian Psychology Accreditation Council (APAC). To become an accredited clinical psychologist or counsellor, further study is required.

Note 3: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) and complete a one-day Child Safe Environments course. Some placements may also require students to have a current driver's licence, National Police Check, Responding to Abuse and Neglect training, or a recognised First Aid Certificate.

ADMISSIONS INFORMATION

If you are interested in this double degree, you can apply directly using the SATAC code above, and choose to include the Bachelor of Psychology in your SATAC application as an additional preference and back-up option. If you are offered a place in the psychology degree, you will be eligible to transfer into the double degree following successful completion of a minimum of four courses with the required Grade Point Average (GPA).

CAREERS

Solicitor / youth worker / mediator / human resources manager / learning and development adviser / case manager / social policy adviser / clinical psychologist or counsellor (with further study)

YOU MIGHT ALSO LIKE

- Bachelor of Laws (Honours), Bachelor of Arts
- Bachelor of Laws (Honours), Bachelor of Business (Human Resource Management)
- Bachelor of Psychology (Honours)

**Research Project A and Research Project B are considered as one capstone course, so students would need to study both courses if selecting this option.*

Bachelor of Psychological Science and Sociology

unisaonline.edu.au/psych-science

100% online	Intakes: Jan, Mar, Jun, Sept
UniSA Online	Real-world projects
3 years full-time	

Program code.....**XBPS** ✓ *part-time study available*

Time commitment: 10–15 hours per week per course

Pathways: Literacy and Numeracy Test with relevant work experience (UniSA Online); or Foundation Studies or Diploma in Arts (UniSA College).

Prerequisites: none

Assumed knowledge: none

STUDY ON DEMAND

Study a 100% online degree in psychological science and sociology, designed specifically for flexible learning. Study the only degree in Australia that combines two powerful perspectives on how we live as social beings. Examine the connections between human behaviour, social structures and social policy; and discover how these relationships shape individuals, families, communities and organisations. Choose to focus your studies on ageing and disability and/or criminology. Graduate with the skills needed to work as a human services professional in both the government and community sectors. Be prepared for opportunities created by the rollout of the National Disability Insurance Scheme (NDIS). Access online support services seven days a week, view learning resources 24/7 and log in to the interactive online environment anywhere, anytime, and on any device. Benefit from flexible study with no need to attend lectures or come on campus – all courses and assessments are delivered online. Scholarships and grants are also available for eligible students.

CAREERS

Disability support coordinator / aged care coordinator / community development officer / crime prevention officer / drug and alcohol caseworker / policy development officer / policy analyst

CREDIT CHECK

Fast-track your degree and receive credit for past study and/or work experience.

HOW TO APPLY

UniSA College pathways: Foundation Studies or Diploma in Arts

Prerequisites: none

Assumed knowledge: none

Prepare for a rewarding career in social work. Learn to enhance the wellbeing of others through advocacy, social change, relationship building and empowerment. Focus on four major study areas including social work theory, social work practice and skills, social policy, and social research. Develop knowledge of various social work practices and their application with individuals, families, communities, groups and organisations. Learn how to identify the social policies that impact people's lives and the strategic ways to implement change. Interpret, evaluate and conduct relevant social analysis exploring current real-world challenges. Focus your degree by choosing to incorporate a minor in Children, Families and Society. Access custom-built social work studios on campus and practise your skills through simulated scenarios. Gain valuable practical experience through work placements during your third and fourth years of study. Graduate with a degree accredited by the Association of Social Workers and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day Child Safe Environments Course. Some placements may require students to hold a current driver's licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

"My studies have been an enriching experience. We are all so diverse, yet we share the same goal to help others and make the world a better, fairer place. I really enjoyed the practical social work studio on campus and industry placements gave me the opportunity to put my knowledge into practice. I was also fortunate to receive two study grants to go on study tours to India and the Philippines to explore social work practices in different cultures."

"I am a practising psychologist with clinical training, but also have a passion for teaching students and preparing them for the workforce. During my studies I researched attitudes towards sexual and gender minorities. My advice to students is to dive into their degree with everything they have got. There is so much to explore."

***Dr Stephanie Webb
psychology graduate, PhD recipient and lecturer
in psychology at UniSA***

Develop the knowledge and skills required for professional practice as a qualified clinical psychologist. Benefit from a curriculum designed in consultation with industry practitioners. Graduate with a strong understanding of the latest developments in clinical psychology practice and the ability to critically reflect on psychological theory and its practical applications. Study advanced coursework covering topics such as adult psychopathology, child and adolescent psychological assessment, specialised interventions, and behavioural medicine. Elevate your research skills through a major project in your final year. Build your practical skills through clinical studies, professional clinical placements and training under the supervision of accredited clinical psychologists in our on-campus Psychology Clinic. Graduate with a qualification accredited by the Australian Psychology Accreditation Council (APAC) and be eligible for membership with the Australian Psychological Society and the College of Clinical Psychologists. You will also be eligible for full registration with the Psychological Board of Australia.

CAREERS

Clinical psychologist / child psychologist / family psychologist / health psychologist / organisational psychologist / community psychologist / youth worker / behavioural ecologist / human resources manager / marketing manager / life coach

ENTRY REQUIREMENTS

- A four-year qualification in psychology, typically an honours degree, accredited by the Australian Psychology Accreditation Council, within the last ten years, with Honours 2A or equivalent overall mark.
- Relevant prior professional experience and acquired skills will also be considered in the selection process through written application, references and an interview.
- Applicants are also required to be minimally registered as a Provisional Psychologist, prior to entry into the program.

unisa.edu.au/resdegrees

Masters by Research.....	Program code.....	MMRD
Doctor of Philosophy.....	Program code.....	MPHD

Enter a dynamic and stimulating research environment focused on human psychology and the social sciences. Explore contemporary social issues and outcomes and work on ground-breaking research to help inform industry and support the wellbeing of communities. Conduct meaningful research in the Sleep and Chronobiology Laboratory, Cognitive Ageing and Impairment Neurosciences Laboratory and the Cognitive and Systems Neuroscience Research Hub located on campus. Connect with world-class researchers from our Behaviour-Brain-Body Research Group, Cognitive and Systems Neuroscience Research Hub, Research Concentration for Safe Relationships and Communities, Conservation Psychology and Applied Animal Behaviour, and the National Enterprise for Rural Community Wellbeing. Learn under the guidance of award-winning supervisors, visiting scholars and researchers.

DISCIPLINE AREAS

- Psychology
- Social Work and Social Policy

ENTRY REQUIREMENTS

Masters by Research

- Bachelor degree of at least three years in a relevant discipline with a minimum credit average; or
- Honours 1, Honours 2, Honours 3 or an appropriate master's degree or equivalent qualification; or
- No tertiary qualifications (some discipline areas only) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Doctor of Philosophy (PhD)

- Honours 1, Honours 2A, or an appropriate master's degree or equivalent qualification.

Alternative entry

- Other postgraduate and undergraduate degrees may be considered for admission into the Masters by Research or Doctor of Philosophy (PhD) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Eligibility for entry into a research degree is also subject to an assessment of the proposed research, supervisor availability, and any University or research-specific eligibility requirements.

"My career in social work provides me with a high intrinsic wealth - satisfaction, fulfilment and purpose. I love my job as a youth worker because I can see I'm creating positive change in young people's lives."

Steven Goss
social work graduate

STUDY AT UniSA – THE BASICS

Minimum entry requirements for undergraduate degrees

APPLYING WITH YEAR 12

Applicants are required to have successfully completed the South Australian Certificate of Education (SACE) with:

- a competitive Selection Rank (ATAR) including adjustment factors; AND
- the fulfilment of the program's prerequisite requirements (where applicable).

Applicants may also be eligible to compete for entry if they have completed the program's prerequisite requirements and have completed one of the following:

- an interstate or overseas qualification considered by the University as equivalent to SACE; or
- the International Baccalaureate Diploma with a minimum score of 24 points.

For some degrees, applicants who have not achieved the Selection Rank (ATAR) required for automatic selection into their preferred degree may be selected for any remaining places based on the grades of their Year 12 subjects.

ADJUSTMENT FACTORS

Universities in South Australia include ATAR-related adjustment factors (previously known as bonus points) for Australian high school students applying for entry into university via the following schemes:

- **The Universities Equity Scheme** – provides additional points for students coming from specified schools, as well as individuals experiencing socio-economic disadvantage.
- **The Universities Language, Literacy and Mathematics Adjustment Scheme** – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

unisa.edu.au/adjustmentfactors

GUARANTEED ENTRY

UniSA offers guaranteed entry into many programs for domestic Year 12 and VET students. If your Selection Rank (ATAR) or VET award meets the UniSA Guaranteed Entry score for that program, you have met the prerequisites and any other program specific entry requirements, and you have listed the program as your first preference, you are in. It's guaranteed. Please note application timelines may apply.

FEES

All domestic undergraduate students at the University of South Australia are in Commonwealth-supported places. Students in these places pay a contribution of their fees depending on the program chosen and the contribution band in which those courses are classified (see table below). The amount of your student contribution also depends on the unit value of your courses of study.

As per the Australian Government guidelines, the student contribution amounts for 2020 are:

BAND	AREA OF STUDY	STUDENT CONTRIBUTION <i>For one year of full-time load (1 EFTSL)</i>	STUDENT CONTRIBUTION <i>For each subject (0.125 EFTSL)</i>
1	Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education.	\$6,684	\$835
2	Computing, built environment, health, engineering, surveying, agriculture, mathematics, statistics and science.	\$9,527	\$1,190
3	Law, dentistry, medicine, veterinary science, accounting, administration, economics and commerce.	\$11,155	\$1,394

ADMISSIONS PATHWAYS

Entering your chosen program straight from high school is not the only pathway into UniSA. Applicants may also meet the minimum requirements to apply for entry (via competitive selection) through one of the following:

Higher education study – completion of at least half a year of full-time equivalent study at UniSA or a recognised higher education institution. You can apply using your Grade Point Average (GPA).

Higher education diploma – completion of a higher education diploma from UniSA College (applicable programs listed on each bachelor program in this guide), the South Australian Institute of Business and Technology (SAIBT), or another recognised higher education institution.

Special entry – a competitive Special Tertiary Admissions Test (STAT) score. A personal competencies statement or relevant employment experience may also be considered for some programs.

Vocational Education Training (VET) – applicants may be eligible for entry with the completion of an award from TAFE or another Registered Training Organisation at AQF Certificate IV or above.

UniSA College – there are a variety of pathway options offered through UniSA College, including diplomas and the Foundation Studies program.

Alternative education providers – there are a range of alternative pathways including bridging qualifications offered through SAIBT and Eynesbury.

Open Universities Australia – completion of at least four Open Universities Australia (OUA) courses at an undergraduate level or higher.

BEFORE APPLYING

All applicants should check and ensure that they meet all entry and prerequisite requirements before applying. For more information on entry requirements, visit: unisa.edu.au/study

SUPPORT SERVICES

UniSA offers a full range of support services, including career advice, disability and inclusion services, and counselling. For more information, contact (08) 8302 2376 or visit: unisa.edu.au/studentsservices

SCHOLARSHIPS

UniSA offers a range of scholarships and grants to support students from all walks of life. Each year, 2,500 students benefit from scholarships at UniSA, providing financial assistance as well as valuable work experience, mentoring opportunities and even overseas travel. For more information and to check the eligibility criteria, visit: unisa.edu.au/scholarships

HOW TO APPLY

Applications to most programs at UniSA are administered through the South Australian Tertiary Admissions Centre (SATAC). For more information, visit: unisa.edu.au/apply

For UniSA Online degrees apply directly at, unisaonline.edu.au

*Some postgraduate programs are also Commonwealth-supported (or CSP), while others are full fee-paying; this is listed on applicable programs. For programs under 1.0 year full-time study, fees are listed as the whole program fee (indicative of 2020). For programs over 1.0 years full-time study, fees are listed based on the cost per annum (indicative of 2020). For more information on fees including eligibility for Commonwealth-supported places, deferring your student contribution through HECS-HELP or FEE-HELP loans, please visit: unisa.edu.au/fees

Need some help? Contact Future Student Enquiries on (08) 8302 2376 or at unisa.edu.au/enquire

Get cultured – expand your thinking and see the world through a student exchange program.

Pridham Hall – discover the new heart of the University, featuring a graduation space, sports centre, gym and swimming pool.

UniSA Sport – keep active and make lasting friendships by joining one of our sporting teams.

Events on campus – participate in a wide range of events and activities on campus throughout the year.

MOD. – explore this on-campus futuristic museum of discovery, offering immersive experiences.

Your student experience

Orientation is the start of your journey at university. Explore your campus, meet new people, get study advice, and enjoy different activities and entertainment.

Campus Central are the on-campus gurus for ID cards, enrolment, fees and student services.

Support services are available to you throughout your time at university, including study support, personal counselling and peer mentoring, along with access to a range of community health clinics located on campus.

USASA is your student association at UniSA. They provide advocacy services, organise social activities and coordinate over 100 student clubs.

UniSA+ can provide you with a range of leadership, entrepreneurial, volunteering and self-development opportunities during your degree.

Student lounges provide you with a space to study or chill out, featuring work spaces, kitchen facilities, mobile charging stations, social spaces, lockers, gaming stations and more.

Food vendors and café-style dining facilities are now open at all UniSA campuses, including Honki Tonki, Zambrero, Abbots and Kinney and more.

UniSA Sport has over 25 sporting clubs, including rowing, netball, gridiron, rock climbing and so much more. You can also gain access to fully-equipped gym facilities on all metro campuses.

Accommodation services are available to help you set up a home away from home.

24-hour security services are available on campus and the free SafeZone app is available for download through the App Store or Google Play.

2020 EVENTS

Our events give you the opportunity to take a tour around campus, attend presentations, ask questions about different degrees and careers, and talk to current staff and students.
