Don’t over think it
Your unstoppable career starts here.

The National Disability Insurance Scheme (NDIS) will create 20% of new jobs in Australia over the next five years.

human resources manager

disability services coordinator

clinical psychologist

17% Employment for counsellors is projected to grow 17% by 2023.

51% In the past decade, the number of people employed in community services has increased by 51%.
Australian Creative Economy Report Card 2013, ARC Centre of Excellence for Creative Industries and Innovation (CC).
Pursue a career that helps empower individuals and creates more socially engaged communities. Explore the social sciences, the connections between the brain and behaviour, and the meaning behind human interactions. Build your skills in critical thinking and analysis, communication, and social policy. Learn in state-of-the-art facilities including practical social work studios; our Centre for Cognitive and Systems Neuroscience; Cognitive Ageing and Impairment Neurosciences Laboratory; and the Sleep and Chronobiology Laboratory located at Magill Campus.

unisa.edu.au/study
REAL-WORLD EXPERIENCE
During your studies, you will have opportunities to develop your networks, meet industry professionals and immediately apply your learnings to real-world environments. Complete fieldwork or a placement in a domestic or international setting, or collaborate with industry on cutting-edge research activities. Postgraduate students can also gain practical clinical experience in our on-campus Psychology Clinic, where you will treat real patients under the supervision of fully qualified clinical psychologists and gain hands-on experience across a range of therapeutic skills.

STUDY A UNIQUE DEGREE
We offer South Australia’s only degree in cognitive neuroscience, as well as unique degrees that specialise in ageing and disability, and counselling and interpersonal skills. Working alongside experienced practitioners and academics, you will develop the knowledge and skills to empower others, solve complex problems, and meet the wellbeing needs of individuals, families and carers across a range of sectors.

DOUBLE YOUR KNOWLEDGE
Enhance your career opportunities with a double degree. Combine your psychology qualification with a second discipline in law, human resource management, exercise and sport science, human movement or human services. Examine human behaviour and its application in different contexts and environments, and focus your studies on your interests and career goals.

New window to the soul
It’s often said that the eyes are the window to the soul, revealing our thoughts and feelings. Now, new research reveals that your eyes may also be an indicator of your personality type, simply by the way they move.

A study by UniSA researchers in collaboration with international partners is using state-of-the-art machine-learning algorithms to demonstrate a link between personality and eye movements, with findings showing that eye movement can tell whether people are sociable, conscientious, or curious.

The study delivers important insights for social robotics and its findings could help to improve interaction between humans and machines, making robots and computers more natural and better at interpreting human social signals.

With automation in customer service industries on the rise, in the future these findings could lead to improved personalised services and more authentic interactions with machines.

ABORIGINAL EMPLOYMENT PATHWAYS

We have partnered with SYC’s youth services division, HYPA (Helping Young People Achieve), to develop an employment pathway initiative for Aboriginal and Torres Strait Islander students who are studying psychology, human services and social work. Students will be engaged in paid work while they study, with the possibility of continuing employment after graduation.

ENGAGE IN GROUND-BREAKING RESEARCH

The Behaviour Brain Body Research Centre, based at Magill Campus, combines expertise in sleep, nutrition, and activity, and works to understand their combined impact on people across the lifespan. Researchers work collaboratively on projects that investigate a diverse range of topics, including the effects of sleep on human performance, cognitive decline and predementia, and fatigue management and minimizing risk with shift workers. You can get involved and gain valuable practical experience by participating in research studies and projects during your degree.

unisa.edu.au/bbbr
Learn a language

Develop the skills you need to work internationally and increase your career opportunities by studying a second language. Learn French, Italian, Japanese or English (for speakers of English as a second language) through a Diploma in Languages. Access the Multimedia Languages Lab at Magill Campus and connect with native speakers from around the world in real-time. Graduate with an additional qualification by studying the diploma alongside your undergraduate degree.

unisa.edu.au/languages

Experience student life

Enjoy life beyond the classroom by getting involved in campus culture. Connect with new people at Orientation, keep active with UniSA Sport and on-campus fitness centres, or find your tribe with more than 100 student clubs to choose from. Discover our wide range of events throughout the year and connect with our student association, USASA.

unisa.edu.au/studentexperience

Get career ready

Prepare for your future career from first year with support from our Career Services team. Access our online Career Hub for self-help resources, including tips on resume writing and an interview simulator. There are also professional and exclusive job listings. Connect with a career adviser for help with career mapping, attend industry events to build your professional networks, and walk into one of our drop-in centres on campus for general careers advice.

unisa.edu.au/careers

“My job is to ensure that students are ready to support diverse people living with disability or experiencing ageing. It’s important to develop the right skills to help build family leadership, valued social roles, person centred services and social inclusion, so that individuals, families and communities can live more enriching lives.”

Caroline Ellison | Program Director: Bachelor of Social Science (Ageing and Disability)

ONE OF THE BEST YOUNG UNIVERSITIES IN AUSTRALIA FOR TEACHING QUALITY

Ranked #2, 2019 THE Young University Rankings
GET CONNECTED
with Australia’s University of Enterprise

PRACTICAL LEARNING
UniSA offers more than 200 world-class degrees across a wide range of discipline areas. You will learn in a highly practical environment. Take the opportunity to complete an internship or placement during your studies, learning from experts in a real-world setting. Build your networks and graduate career-ready with the skills required of tomorrow’s professionals.

TOP RANKING TEACHERS
Make your study experience relevant, and learn from highly qualified academics and industry professionals. In fact, UniSA is one of Australia’s best young universities for teaching quality (Ranked #2, 2019 THE Young University Rankings).

WORLD-CLASS FACILITIES
Study in modern, purpose-built facilities across all six UniSA campuses. Learn with the latest industry-standard tools and technologies that will take you from the classroom into the workplace. This includes state-of-the-art laboratories, collaborative learning areas, creative studios, workshops and simulation spaces.

POWERFUL PARTNERSHIPS
We collaborate with more than 2,500 companies worldwide to bring our students placement, project, research and work opportunities. Connect with industry professionals during your studies and benefit from curriculum informed by the latest industry practices.

REAL RESEARCH
Our research is innovative and inspired by challenges. We produce new knowledge that provides solutions to industry, businesses and the wider community. Explore cutting-edge insights in your chosen degree, influenced by our world-class research outcomes.

“The experience gained in industry during your studies will enable you to apply your learning, but also develop a range of skills, capacities, and attributes that are valued by employers, and which help to compete in an increasingly demanding job market.”

Chris Talbot | Manager: Tertiary Education Engagement, Uniting Communities

Intakes: Feb
Research project

Study a four-year degree in psychology and graduate with honours. Develop an advanced understanding of critical psychology theory and prepare for a career as a clinical psychologist that can work across a diverse range of settings. Study specialist courses covering areas such as developmental psychology, cognitive psychology, health psychology, work and organisational psychology, language, context and social behaviour, counselling, conservation psychology (the relationship between humans and nature), psychophysiology of sleep, and psychological research. Learn in state-of-the-art facilities located on campus including the Centre for Cognitive and Systems Neuroscience research lab, and a live-in Sleep and Chronobiology Laboratory. Complete a major research project in your final year focusing on a specific area of interest. Take the opportunity to study part of your degree overseas through a study exchange. Graduate with a degree accredited by the Australian Psychology Accreditation Council (APAC) and be eligible for membership with the Australian Psychological Society. Continue your studies through the Master of Psychology (Clinical) to become an accredited clinical psychologist.

Note 1: To become a professional practising or research psychologist, students must continue their studies through a two-year Master of Psychology (Clinical) or Doctor of Philosophy (PhD).

Note 2: Fourth year entry is available for those with a completed, APAC-recognised three year undergraduate degree in psychology (selection criteria apply). Apply directly at unisa.edu.au/applyonline

UniSA College pathways: Foundation Studies or Diploma in Arts
Prerequisites: none
Assumed knowledge: none

Develop in-depth knowledge about human behaviour, social services and human resources. Graduate with an understanding of the theoretical basis of psychology, critical and analytical thinking skills, and the ability to manage data and produce ethical research. Choose from a range of specialist psychology elective courses including Psychological Assessment, Psychophysiology of Sleep, Health Psychology, and Work and Organisational Psychology. Gain industry experience through a professional work placement totalling 150 hours in your final year of study. Graduate with a degree accredited by the Australian Psychology Accreditation Council (APAC). Continue your studies through the Bachelor of Psychology (Honours) and Master of Psychology (Clinical) pathway to become an accredited clinical psychologist.

Note 1: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) and complete a one-day Child Safe Environments course. Some placements may also require students to have a current driver’s licence, National Police Check, Responding to Abuse and Neglect training, or a recognised First Aid Certificate.

Note 2: To become a professional practising or research psychologist, students must continue their studies through a one-year Bachelor of Psychology (Honours) and then a two-year Master of Psychology (Clinical) or Doctor of Philosophy (PhD).

Study the only double degree of its kind in South Australia and develop your expertise in the areas of exercise and sport science, psychology, counselling and behavioural research. Study core courses in human anatomy, exercise physiology, human movement and nutrition; and explore the relationship between psychology and physical activity. Develop the skills to provide counselling to athletes, deliver rehabilitation services, and enhance the physical and mental wellbeing of individuals, groups and communities. Learn in fully-equipped facilities on campus including the High Performance Sport Centre, Environmental Chamber and Exercise Physiology and Biomechanics Laboratories. Complete practical placements across a range of industry settings including schools and sporting clubs. Graduate with a degree accredited by Exercise and Sport Science Australia (ESSA) and be eligible for registration as an Accredited Exercise Scientist through ESSA. This degree is also accredited by the Australian Psychology Accreditation Council (APAC) and graduates can apply for fourth year psychology programs, as well as level 1 membership with the Australian Counselling Association – criteria apply.

Note 1: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) and complete a one-day Child Safe Environments course. Some placements may also require students to have a current driver’s licence, National Police Check, Responding to Abuse and Neglect training, or a recognised First Aid Certificate.

Prerequisites: none
Assumed Knowledge: none

Study South Australia’s only double degree in human movement and psychology. Develop a holistic understanding of the impact that physical activity has on human biology, psychology and social development. Explore core areas such as human anatomy and physiology, growth and motor development, nutrition, and group and team psychology, biomechanics, cognitive psychology, counselling foundations and developmental psychology. Learn in state-of-the-art facilities on campus including the fully-equipped Gym and Exercise Physiology and Biomechanics Laboratories. Gain valuable hands-on experience by completing a practical industry placement during your studies. Graduate industry-ready with a degree accredited by the Australian Psychology Accreditation Council (APAC). Graduates can also apply for fourth year psychology programs, as well as level 1 membership with the Australian Counselling Association — criteria apply.

Note 1: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) and complete a one-day Child Safe Environments course. Some placements may also require students to have a current driver’s licence, National Police Check, Responding to Abuse and Neglect training, or a recognised First Aid Certificate.

Note 2: To become a professional practising or research psychologist, students must continue their studies through a one-year Bachelor of Psychology (Honours) and then a two-year Master of Psychology (Clinical) or Doctor of Philosophy (PhD).

CAREERS
Sports coach / community and allied health worker / health and wellbeing adviser / sport development officer / research assistant / health counsellor / clinical psychologist or teacher (with further study)

YOU MIGHT ALSO LIKE
- Bachelor of Human Movement
- Bachelor of Psychology (Counselling and Interpersonal Skills)
- Bachelor of Human Movement, Nutrition and Food Sciences
- Bachelor of Exercise and Sport Science, Bachelor of Psychology (Counselling and Interpersonal Skills)

FURTHER STUDY
- Bachelor of Psychology (Honours) — one year
- Bachelor of Psychology (Honours) (Cognitive Neuroscience) — one year
- Master of Physiotherapy (Graduate Entry)
- Master of Occupational Therapy (Graduate Entry)
- Master of Psychology (Clinical)
- Master of Teaching (Secondary)

UNISA College pathways:
Foundation Studies
Prerequisites: none
Assumed Knowledge: none

Graduate with a top-ranking law degree and professional honours, along with a second degree in psychology. Study core courses and concepts that underpin the Australian legal system including areas such as torts, contracts, criminal law and constitutional law. You will also develop in-depth knowledge about human behaviour, social services and human resources by exploring key concepts in psychology. Choose from a range of specialist psychology courses to tailor your degree, including Psychological Assessment, Psychophysics of Sleep, Health Psychology, and Work and Organisational Psychology. Experience practical learning in a moot court and engage with our student-run Legal Advice Clinic, working with clients under the supervision of a managing solicitor. You will also complete a professional work placement totalling 150 hours as part of your psychology degree. Get career ready with opportunities for international study tours or exchanges, as well as local and national internships. You can also participate in a law reform project or conduct high-level law research during your final year.

Note 1: This double degree covers the academic requirements for admission to practice (the Uniform Admissions Rules) as specified by the National Law Admissions Consultative Committee. Students seeking admission to practice law must satisfy a number of specified course requirements within their degree, followed by the completion of Practical Legal Training.
Note 2: The Bachelor of Psychology is accredited by the Australian Psychology Accreditation Council (APAC). To become an accredited clinical psychologist or counsellor, further study is required.
Note 3: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) and complete a one-day Child Safe Environments course. Some placements may also require students to have a current driver’s licence, National Police Check, Responding to Abuse and Neglect training, or a recognised First Aid Certificate.

ADMISSIONS INFORMATION
If you are interested in this double degree, you can apply directly using the SATAC code above, and choose to include the Bachelor of Psychology in your SATAC application as an additional preference and back-up option. If you are offered a place in the psychology degree, you will be eligible to transfer into the double degree following successful completion of a minimum of four courses with the required Grade Point Average (GPA).

CAREERS
Solicitor / youth worker / mediator / human resources manager / learning and development adviser / case manager / social policy adviser / clinical psychologist or counsellor (with further study)

Bachelor of Psychological Science and Sociology

unisaonline.edu.au/psych-science

- 100% online
- Intakes: Jan, Mar, Jun, Sept, Feb, Jul
- Real-world projects
- 3 years full-time
- Program code: XBPS
- part-time study available

Time commitment: 10–15 hours per week per course
Pathways: Literacy and Numeracy Test with relevant work experience (UniSA Online); or Foundation Studies or Diploma in Arts (UniSA College).

Prerequisites: none
Assumed knowledge: none

STUDY ON DEMAND

Study a 100% online degree in psychological science and sociology, designed specifically for flexible learning. Study the only degree in Australia that combines two powerful perspectives on how we live as social beings. Examine the connections between human behaviour, social structures and social policy, and discover how these relationships shape individuals, families, communities and organisations. Choose to focus your studies on ageing and disability and/or criminology. Graduate with the skills needed to work as a human services professional in both the government and community sectors. Be prepared for opportunities created by the rollout of the National Disability Insurance Scheme (NDIS). Access online support services seven days a week, view learning resources 24/7 and log in to the interactive online environment anywhere, anytime, and on any device. Benefit from flexible study with no need to attend lectures or come on campus – all courses and assessments are delivered online. Scholarships and grants are also available for eligible students.

CAREERS

Disability support coordinator / aged care coordinator / community development officer / crime prevention officer / drug and alcohol caseworker / policy development officer / policy analyst

CREDIT CHECK

Fast-track your degree and receive credit for past study and/or work experience.

HOW TO APPLY

1. Check your eligibility at unisaonline.edu.au/eligibility
2. Gather your relevant documents
3. Complete your application and send through your documents

Apply directly at unisaonline.edu.au or call 1800 531 962

Part-time study available

Unisa College pathways: Foundation Studies
Prerequisites: none
Assumed knowledge: none

Explore advanced coursework and research in social work theory, practice and policy. Develop in-depth knowledge in the political, behavioural and social sciences as they apply to contemporary social work practice. Contribute to new knowledge by completing a major research project in your final year focusing on a specific area of interest. Learn from highly recognised researchers who are leaders in their field. Focus your degree by choosing to incorporate a minor in Children, Families and Society. Access custom-built social work studios on campus and practise your practical skills through simulated scenarios. Build on your experience through practical work placements during your third and fourth years of study. Graduate with a degree accredited by the Association of Social Workers and be eligible for full membership. Continue your studies through a postgraduate research degree and be part of the ongoing development of essential social work research and industry best practice.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services, obtain a SAPOL National Police Record Check and complete a one-day Child Safe Environments Course. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

CAREERS
Social worker / case manager / aged care worker / child and youth welfare officer / community development officer / disability support worker / rehabilitation officer / cultural diversity officer / social planning officer / social policy adviser / ministerial adviser / researcher

Students will attend on-campus lectures, tutorials, practicals, workshops or seminars; some study may be able to be completed online.

“My studies have been an enriching experience. We are all so diverse, yet we share the same goal to help others and make the world a better, fairer place. I really enjoyed the practical social work studio on campus and industry placements gave me the opportunity to put my knowledge into practice. I was also fortunate to receive two study grants to go on study tours to India and the Philippines to explore social work practices in different cultures.”

Develop the knowledge and skills to understand and meet the social and emotional needs of individuals, families and carers involved with the elderly and people with disabilities. Explore ethical practices at the individual, community and policy level of ageing and disability services. Learn to navigate major systems such as the Australian National Disability Insurance Scheme (NDIS) and My Aged Care policies; inform social policy development; enhance service provisions; and promote social inclusion within the ageing and disability sectors. Gain valuable work experience and build professional networks by completing more than 500 hours of supervised field placements throughout your degree. Graduate with a degree recognised by the Australian Community Workers Association and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day Child Safe Environments Course. Prepare for a professional career in human services. Develop the skills to enhance the wellbeing of people who have experienced personal or social difficulties. Focus on key areas such as behavioural and social sciences, human service practice, human service management, and social policy. Learn how behaviour is affected by cultural, environmental, psychological and political factors. Develop the necessary communication skills to work in the field, and explore the political influences in human services and the various ethical and cultural considerations. Learn how to identify the social policies that impact people’s lives and the strategic ways to implement change. Gain practical experience through our human services studios on campus and complete over 500 hours of supervised placements during your studies. Graduate with a degree recognised by the Australian Community Workers Association and be eligible for full membership.

Study a double degree that explores the social sciences and psychology. Develop a strong understanding of how psychology relates to the human services sector and the skills needed to navigate contemporary issues facing professionals in the field. Explore a range of areas including psychology theory, behavioural sciences, social policy, research and data analysis, and project management. Tailor your studies through specialist psychology courses covering topics such as work and organisational psychology, psychophysiology of sleep, health psychology, psychological assessment, and language, context and social behaviour. Gain practical experience through our human services studios on campus and complete supervised placements during your studies. Graduate with a degree accredited by the Australian Psychology Accreditation Council (APAC) and recognised by the Australian Community Workers Association, and be eligible for full membership.

Note 1: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day Child Safe Environments Course. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

Note 2: To become a professional practising or research psychologist, students must continue their studies through a one-year Bachelor of Psychology (Honours) and then a two-year Master of Psychology (Clinical) or Doctor of Philosophy (PhD).

Careers
Community development officer / community services worker / case manager / policy development coordinator / social researcher / youth worker / counsellor or clinical psychologist (with further study)
I am a practising psychologist with clinical training, but also have a passion for teaching students and preparing them for the workforce. During my studies I researched attitudes towards sexual and gender minorities. My advice to students is to dive into their degree with everything they have got. There is so much to explore.

Dr Stephanie Webb
psychology graduate, PhD recipient and lecturer in psychology at UniSA
POSTGRADUATE AND RESEARCH DEGREES

Take your career to the next level and develop your knowledge further through postgraduate study.

You can also make a positive and lasting contribution to your field through a research degree.

To explore our postgraduate degrees, visit unisa.edu.au/study

To learn more about our research degrees, visit unisa.edu.au/resdegrees

Master of Psychology (Clinical)

unisa.edu.au/psychology

Develop the knowledge and skills required for professional practice as a qualified clinical psychologist. Benefit from a curriculum designed in consultation with industry practitioners. Graduate with a strong understanding of the latest developments in clinical psychology practice and the ability to critically reflect on psychological theory and its practical applications. Study advanced coursework covering topics such as adult psychopathology, child and adolescent psychological assessment, specialised interventions, and behavioural medicine. Elevate your research skills through a major project in your final year. Build your practical skills through clinical studies, professional clinical placements and training under the supervision of accredited clinical psychologists in our on-campus Psychology Clinic. Graduate with a qualification accredited by the Australian Psychology Accreditation Council (APAC) and be eligible for membership with the Australian Psychological Society and the College of Clinical Psychologists. You will also be eligible for full registration with the Psychological Board of Australia.

CAREERS

Clinical psychologist / child psychologist / family psychologist / health psychologist / organisational psychologist / community psychologist / youth worker / behavioural ecologist / human resources manager / marketing manager / life coach

ENTRY REQUIREMENTS

- A four-year qualification in psychology, typically an honours degree, accredited by the Australian Psychology Accreditation Council, within the last ten years, with Honours 2A or equivalent overall mark.
- Relevant prior professional experience and acquired skills will also be considered in the selection process through written application, references and an interview.
- Applicants are also required to be minimally registered as a Provisional Psychologist, prior to entry into the program.

Masters by Research

Doctor of Philosophy (PhD)

unisa.edu.au/resdegrees

Masters by Research........................................................................ Program code ................. MMRD
Doctor of Philosophy ..................................................................... Program code ................. MPHD

Enter a dynamic and stimulating research environment focused on human psychology and the social sciences. Explore contemporary social issues and outcomes and work on ground-breaking research to help inform industry and support the wellbeing of communities. Conduct meaningful research in the Sleep and Chronobiology Laboratory, Cognitive Ageing and Impairment Neurosciences Laboratory and the Cognitive and Systems Neuroscience Research Hub located on campus. Connect with world-class researchers from our Behaviour-Brain-Body Research Group, Cognitive and Systems Neuroscience Research Hub, Research Concentration for Safe Relationships and Communities, Conservation Psychology and Applied Animal Behaviour, and the National Enterprise for Rural Community Wellbeing. Learn under the guidance of award-winning supervisors, visiting scholars and researchers.

DISCIPLINE AREAS
• Psychology
• Social Work and Social Policy

ENTRY REQUIREMENTS

Masters by Research
• Bachelor degree of at least three years in a relevant discipline with a minimum credit average, or
• Honours 1, Honours 2, Honours 3 or an appropriate master’s degree or equivalent qualification, or
• No tertiary qualifications (some discipline areas only) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Doctor of Philosophy (PhD)
• Honours 1, Honours 2A, or an appropriate master’s degree or equivalent qualification.

Alternative entry
• Other postgraduate and undergraduate degrees may be considered for admission into the Masters by Research or Doctor of Philosophy (PhD) with demonstration of research capabilities via assessment of relevant quality publications and professional experience.

Eligibility for entry into a research degree is also subject to an assessment of the proposed research, supervisor availability, and any University or research-specific eligibility requirements.
“My career in social work provides me with a high intrinsic wealth - satisfaction, fulfilment and purpose. I love my job as a youth worker because I can see I’m creating positive change in young people’s lives.”

Steven Goss
social work graduate
### Minimum entry requirements for undergraduate degrees

#### APPLYING WITH YEAR 12
Applicants are required to have successfully completed the South Australian Certificate of Education (SACE) with:
- a competitive Selection Rank (ATAR) including adjustment factors, and
- the fulfillment of the program’s prerequisite requirements (where applicable).

Applicants may also be eligible to compete for entry if they have completed the program’s prerequisite requirements and have completed one of the following:
- an interstate or overseas qualification considered by the University as equivalent to SACE, or
- the International Baccalaureate Diploma with a minimum score of 26 points.

For some degrees, applicants who have not achieved the Selection Rank (ATAR) required for automatic selection into their preferred degree may be selected for any remaining places based on the grades of their Year 12 subjects.

#### ADJUSTMENT FACTORS
Universities in South Australia include ATAR-related adjustment factors (previously known as bonus points) for Australian high school students applying for entry into university via the following schemes:
- The Universities Equity Scheme – provides additional points for students from specified schools, as well as individuals experiencing socio-economic disadvantage.
- The Universities Language, Literacy and Mathematics Adjustment Scheme – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

#### GUARANTEED ENTRY
UniSA offers guaranteed entry into many programs for domestic Year 12 and VET students. If your Selection Rank (ATAR) or VET award meets the UniSA Guaranteed Entry score for that program, you have met the prerequisites and any other program specific entry requirements, and you have listed the program as your first preference, you are in. It’s guaranteed. Please note application timelines may apply.

unisa.edu.au/guaranteed

#### FEES
All domestic undergraduate students at the University of South Australia are in Commonwealth-supported places. Students in these places pay a contribution of their fees depending on the program chosen and the contribution band in which those courses are classified (see table below). The amount of your student contribution also depends on the unit value of your courses of study.

As per the Australian Government guidelines, the student contribution amounts for 2020 are:

<table>
<thead>
<tr>
<th>BAND</th>
<th>AREA OF STUDY</th>
<th>STUDENT CONTRIBUTION For one year of full-time load (1 EFTSL)</th>
<th>STUDENT CONTRIBUTION For each subject (0.125 EFTSL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Humanities, behavioural science, social studies, foreign languages, visual and performing arts, clinical psychology, nursing and education.</td>
<td>$6,684</td>
<td>$835</td>
</tr>
<tr>
<td>2</td>
<td>Computing, built environment, health, engineering, surveying, agriculture, mathematics, statistics and science.</td>
<td>$9,527</td>
<td>$1,190</td>
</tr>
<tr>
<td>3</td>
<td>Law, dentistry, medicine, veterinary science, accounting, administration, economics and commerce.</td>
<td>$11,155</td>
<td>$1,394</td>
</tr>
</tbody>
</table>

*Some postgraduate programs are also Commonwealth-supported (or CSP), while others are full fee-paying; this is listed on applicable programs. For programs under 1.0 year full-time study, fees are listed as the whole program fee (indicative of 2020). For programs over 1.0 year full-time study, fees are listed based on the cost per annum (indicative of 2020). For more information on fees including eligibility for Commonwealth-supported places, deferring your student contribution through HECS-HELP or FEE-HELP loans, please visit: unisa.edu.au/fees

MOD. – explore this on-campus futuristic museum of discovery, offering immersive experiences.

Your student experience

Orientation is the start of your journey at university. Explore your campus, meet new people, get study advice, and enjoy different activities and entertainment.

Campus Central are the on-campus gurus for ID cards, enrolment, fees and student services.

Support services are available to you throughout your time at university, including study support, personal counselling and peer mentoring, along with access to a range of community health clinics located on campus.

USASA is your student association at UniSA. They provide advocacy services, organise social activities and coordinate over 100 student clubs.

UniSA+ can provide you with a range of leadership, entrepreneurial, volunteering and self-development opportunities during your degree.

Student lounges provide you with a space to study or chill out, featuring work spaces, kitchen facilities, mobile charging stations, social spaces, lockers, gaming stations and more.

Food vendors and café-style dining facilities are now open at all UniSA campuses including Honki Tonki, Zambrero, Abbots and Kinney and more.

UniSA Sport has over 35 sporting clubs, including rowing, netball, gridiron, rock climbing and so much more. You can also gain access to fully-equipped gym facilities on all metro campuses.

Accommodation services are available to help you set up a home away from home.

24-hour security services are available on campus and the free SafeZone app is available for download through the App Store or Google Play.

2020 EVENTS

Our events give you the opportunity to take a tour around campus, attend presentations, ask questions about different degrees and careers, and talk to current staff and students.

UniSA OPEN DAY

Sunday 16 August / 9:00am–4:30pm / City West and City East Campus

CAMPUS DAYS

Magill Campus Day: Wednesday 26 August / 4:00pm–8:00pm

Mawson Lakes Campus Day: Tuesday 25 August / 4:00pm–7:30pm

Mount Gambier Open Day: Sunday 9 August / 11:00am–4:00pm

Whyalla Open Day: Sunday 30 August / 11:00am–3:00pm
