NEW FOR YEAR 12s

YOUR FUTURE, GUARANTEED

UniSA Guaranteed Entry – it's a sure thing.

UniSA Guaranteed Entry

There are two ways to guarantee your place at UniSA.

Make us your
first preference

+

Achieve the required
Year 12 subject grades

or

Achieve the guaranteed
Selection Rank score

That's it – you're in.

Unlike other university admissions you won't need to do any extra leg work. All you need to do is make sure that you put UniSA as your first preference, meet the guaranteed entry score, and then we'll admit you automatically on your best result – either by your Selection Rank or Year 12 subject grades.

We're here to back you. Finishing Year 12 and achieving your ATAR are important milestones – it's what you've been working towards, right? It gives you more options and flexibility in the long run.

It's important to choose the degree that's right for you. So, aim high and we'll give you the right launch pad for success. UniSA Guaranteed Entry will get you into your preferred degree and you'll be well on your way to that unstoppable career.

Year 12 Grades Guaranteed Entry

New this year, UniSA is offering guaranteed entry based on your three best Year 12 subject grades for most degrees. If you achieve the selection grades and you put us as your first preference, that's it, you're automatically in.

Subjects need to be 20-credit Stage 2 Tertiary Admission Subjects (TAS). Students also need to achieve a minimum ATAR of 50. Check out the admissions chart at the back of this brochure to see the selection grades needed for the degrees that interest you most.

Selection Rank Guaranteed Entry

UniSA has set guaranteed entry scores for most of our degrees. This means, that if you achieve that set Selection Rank and you put us as your first preference, you're in. There's nothing more you have to do.

Some degrees also have prerequisites and other eligibility criteria for entry that you'll still have to meet. This is for both Year 12 Grades Guaranteed Entry and Selection Rank Guaranteed Entry.

Remember your bonus points

Don't forget that high school students applying for university can also be eligible for Adjustment Factors (previously known as bonus points). These are based on set equity factors and/or subject choices. They're automatically added to your ATAR, giving you a more competitive Selection Rank score.

Let's summarise

- Give Year 12 your best shot and get your ATAR
- Choose the degree you want most, don't just settle
- UniSA Guaranteed Entry is the path to your preferred degree – it's automatic
- Need a back-up plan too? Explore alternative entry pathways on pages 24–27

AN ORIGINAL SUCCESS STORY

Netflix's cultural influence is undeniable. They're the ultimate streaming success. From its original DVD rental service to becoming the world's largest money-making media and entertainment company, Netflix has us hooked.

So, can you imagine working for such a juggernaut? Well, UniSA IT graduate Phillipa Avery has been working at Netflix for the past eight years and can give us an insider's look into the giant streaming machine.

Initially starting out as a Software Engineer, Phillipa worked in the Playback Services team – the people who are in charge of making sure that the streaming experience is quick and secure. She then became the Technical Lead for the Netflix Downloads feature, managing the back end infrastructure build.

Currently the Engineering Manager for the Java Runtime Platform team, Phillipa supports the many developers at Netflix responsible for ensuring the streaming service runs smoothly.

"Technology has changed dramatically over the years. We were one of the pioneers of cloud microservice architectures. A real highlight was watching the tools that grew out of this and being part of their creation has been hugely rewarding. I'm excited to see how we continue to grow and maintain our innovation edge", she says.

"Netflix is also known in the tech industry for having a pretty unique culture and seeing how the company had adapted that culture in a scaling business model has been incredible."

Here's something interesting...did you know that 'rule avoidance' is part of the overall organisational culture at Netflix? It's believed that too many rules doesn't allow for creativity and effective problem-solving.

Living in the beautiful Bay Area of California, Phillipa continues to work in her dream job. She is also hanging out for the season two of The Witcher, but is happy to binge Dragon's Dogma while she waits!

Technology, Engineering
Manager: Netflix.*

Top tips from career experts

Our Career Services team are experts when it comes to helping you choose the right degree and career for you. They recommend using the handy **SODA** exercise to get you thinking about your next steps.

Self-awareness understand your values, strengths/weakness, beliefs, personality and likes.

Opportunities do some research into where careers of interest can take you and the future job market.

Decision-making ask yourself some important questions like:

- Does this meet my personal values and beliefs?
- Do I have a real interest in this area?
- Do I have the right abilities and experience?
- Is there a demand in the market?

Action now armed with the right knowledge about yourself, explore your degree options with all of this in mind.

As a UniSA student, you'll have full access to the Career Services team. Their job is to get you career ready before you graduate. They lead a career development program, have an active job boards, host workshops and produce online resources – like templates for creating awesome resumes. You can also connect with a career adviser, attend industry events or visit them on campus for on the spot advice.

📍 unisa.edu.au/careers

"Careers are not linear, they bounce around depending on where the opportunities lie, so say yes, even if they're outside your field. Have an openness to learning new things, learn to adapt and be resilient to change. We look for individuals who can build rapport quickly, have strong relationship skills, and adopt a growth mindset. Communication skills both verbal and written are also important, as is the capability to influence."

Careers that interest me

YOUR STUDY EXPERIENCE

YOUR STUDY OPTIONS

You need to find the degree that's right for you. What are you most interested in? What subjects do you enjoy at school? What career do you want? These are all questions that can help you narrow down your choices. Our advice is to always preference the degrees that are the best fit for you.

UniSA ACCELERATE

You can kickstart your UniSA business degree early through the UniSA ACCELERATE program. Study up to two courses through UniSA Online while you're in Year 12 and guarantee your place into one of our many business degrees with study credit. You can also choose to count this study towards your SACE Stage 2.

unisa.edu.au/accelerate

Double degrees

Double degrees are a great option if you're interested in two different fields of study. We offer popular combinations like Law and Journalism, Psychology and Human Resource Management, Exercise and Sport Science with Nutrition, Human Movement with Secondary Education, and Engineering with Business.

Pathway to Masters

Another option to consider is a UniSA Pathway to Masters program – combining a bachelor's degree and master's qualification with just one extra year of full-time study. This is available across select business, engineering and communication degrees and will allow you to fast-track your studies and graduate with a competitive edge.

unisa.edu.au/pathway-to-masters

GETTING YOU CAREER READY

We want you to graduate career ready. That's why you'll learn from highly experienced academics and professionals who are leaders in their field. You'll also connect with industry, work on real challenges and gain practical experience through:

- Real-world projects, internships and placements.
- National and international study tours, exchange programs, competitions and exhibitions.
- Industry masterclasses, clinics and networking opportunities.
- Volunteering and community projects.

STUDY OVERSEAS

Get global experiences by travelling overseas during your studies. We offer a range of international opportunities, including student exchanges, study tours, internships and volunteering programs. Through these international experiences, you'll learn about different cultures, perspectives and practices that will influence you both personally and professionally, making you a more well-rounded graduate. Did you know that we also offer e-exchanges? With international travel restrictions in place, you can still experience global learning by connecting with partner institutions online.

unisa.edu.au/globalopportunities

International travel is subject to Australian Government guidelines.

VOLUNTEER YOUR TIME

Are you passionate about a particular cause? We can help you connect with an organisation and become a volunteer during your time at university. It's a great way to contribute to communities in a meaningful way and gain valuable life experience.

unisa.edu.au/volunteering

STARTUP YOUR FUTURE

Turn your ideas into a reality through Startup Studio – an elective open to all UniSA students that will give you the knowledge and expertise to design and develop a successful business concept from start to finish. This course will connect you with industry mentors and experts through the Innovation & Collaboration Centre – our startup incubator.

icc.unisa.edu.au/startup-studio

UniSA+ AWARD

You can stand out as an exceptional graduate by participating in the UniSA+ Award – a unique program open to all students. Starting in first year, you'll develop the practical skills needed for the modern workplace, including leadership, entrepreneurship, cultural understanding and self-awareness. On completion, you'll get a signed certificate from the Vice Chancellor and a record of your achievements, which can be added to your resume.

unisa.edu.au/unisaplus

UniSA LEADERSHIP PROGRAM

The need for bold leadership has never been more real. The UniSA Leadership Program offers workshops throughout the year, designed to deliver insights into different leadership styles and to develop your skills in areas like emotional intelligence, conflict resolution, effective communication, personal branding and goal setting.

A CONNECTION TO COUNTRY

Landing in beautiful Broome, a place of rich cultural history, UniSA science and law student, Dejana Graziano, was about to embark on an experience of a lifetime.

During a six-week internship, Dejana travelled to the remote community of Biridu to meet with Aboriginal elders to discuss the devastating consequences of intergenerational trauma. Dejana was able to experience a first-hand consultation between the Western Australian Government and the local leaders.

"I have always been interested in sustainability and being involved in work that will positively contribute to current and future generations," she says.

"I am particularly passionate about land conservation and land rights because these issues have a large focus on the interconnected areas of environmental sustainability and the promotion of social justice."

Dejana felt privileged to work so closely with Nyamba Buru Yawuru (NBY), which is the body corporate that holds native title on behalf of the Yawuru people. After a 12-year battle for recognition, the Yawuru people are now the legally recognised owners of this sacred land in the West Kimberly region.

Connecting deeply with the community, Dejana also helped to run a youth forum that focused on identifying and resolving issues faced by young Aboriginal people and children living in the area.

"From walking through the mangroves, spotting whales from the coast, to star gazing in the outback and camping in a swag on country, this is an experience I will never forget. Above all, I enjoyed meeting some amazing people and hearing their stories", she says.

"To new students, I say, get out of your comfort zone. New experiences might seem quite daunting at first, but they're worth it".

Can you believe Dejana was also lucky enough to work with local scientists during her internship on analysing dinosaur footprints?

Now working in politics, Dejana continues to advocate for law reform. In her role, she conducts research and is principal adviser to a Member of the Legislative Council of South Australia.

PATHWAYS INTO UniSA

**Are you looking for an alternative pathway into UniSA?
Let's explore your options.**

**Selection Rank • UniSA College • VET qualifications • SAIBT diploma
Special Tertiary Admissions Test • Tertiary transfer • Open Universities Australia**

SELECTION RANK

If you've completed high school, you may be eligible to gain entry into your preferred UniSA degree using your Year 12 results regardless of when you graduated. Your Selection Rank is valid up until you complete two-years of tertiary study.

UniSA COLLEGE

UniSA College offers alternative entry programs that can help you gain direct entry into a UniSA or UniSA Online degree. These programs will prepare you for university study by building core knowledge and skills. You'll experience life as a UniSA student and after successful completion, you'll be able to easily transfer into a wide range of bachelor programs.

Did you know? UniSA College programs can also be listed in your SATAC application as a back-up to your preferred UniSA degrees.

Diplomas

Our range of two-year diplomas provide a direct pathway into more than 100 UniSA and UniSA Online degrees. After successfully completing your diploma, you'll transfer into your preferred bachelor's degree with study credit for courses completed. There are entry requirements for UniSA College diplomas, but they are set lower than a bachelor's degree.

In first year, you'll complete introductory courses in your disciplinary area of focus (depending on the diploma you choose) as well as core courses that will develop your critical writing, communication, numeracy and research skills.

In second year, you'll start studying first-year courses from your linked UniSA or UniSA Online degree. You'll access the same lectures and tutorials as other first-year bachelor students, but you can rely on UniSA College for extra support.

Your home campus will be City West, and depending on your linked degree, you might also study some courses at City East, Magill or Mawson Lakes campuses.

Foundation Studies

This is a free* one-year program with no minimum entry qualifications needed. It's the gateway to your preferred UniSA or UniSA Online degree. After you successfully complete the 12-month program, you can use your Grade Point Average (GPA) to competitively apply for the degree of your choice.

You'll study core courses that will develop your critical writing, communication, research and study skills. You can also choose elective courses as an introduction to a specific area of interest, such as health or business. Foundation Studies is a great introduction to university life, preparing you for further studies in the discipline you're interested in.

VET QUALIFICATIONS

A completed certificate IV, diploma or advanced diploma from TAFE or another registered training organisation may be all you need to apply for a UniSA degree. Check out the entry requirements for the degrees that interest you most and see what VET qualification is needed for entry.

Guaranteed Entry

If using your VET award, it's good to remember that UniSA offers Guaranteed Entry into many programs. If your completed award meets the UniSA VET Guaranteed Entry, you have met any prerequisites and specific entry requirements, and you've listed the degree as your first preference, you're guaranteed an offer.

Study credit

If you're successful in securing a place into a UniSA degree, you may also be eligible to receive credit for your previous study, typically reducing the time it takes to complete the program.

SAIBT DIPLOMA

SAIBT's diploma programs provide direct entry with study credit into more than 80 UniSA degrees (subject to academic results). As a SAIBT student, you'll have access to UniSA facilities and study in a diverse learning environment with small classes and personalised teaching.

SPECIAL TERTIARY ADMISSIONS TEST

If you don't have a competitive result from Year 12, VET or previous university study, you may qualify for special entry into your preferred UniSA degree by choosing to sit the Special Tertiary Admissions Test (STAT) – 70 multiple choice questions designed to assess your aptitude for tertiary study. Your results will be used to create a ranking that you can then use to compete for entry with other special entry applicants. To be eligible, you must be aged over 18 years by 1 February (or 1 July for midyear entry) in the year you wish to commence your study. UniSA also offers full-day workshops to help you prepare.

TERTIARY TRANSFER

If your Year 12 results were lower than expected, you have the option of starting a different degree then using your competitive Grade Point Average (GPA) to transfer into your first preference. You can do this after completing four courses, which is typically one full-time study period at UniSA or another recognised higher education institution. Students are also able to transfer into different degrees if they change their mind, using their competitive GPA and after completing a minimum of four courses.

OPEN UNIVERSITIES AUSTRALIA

If you've completed at least four courses through Open Universities Australia (OUA) at an appropriate level, you may use your Grade Point Average (GPA) to apply for entry into a UniSA degree. OUA offers undergraduate courses across a variety of disciplines such as accounting and business, engineering, health, languages and management.

APPLY

Armed with your list of preferences, you can now apply to study at UniSA through the SATAC website. If you need help with your application, check out our self-help resources.

🔗 unisa.edu.au/apply

TIP

Remember to list your preferences in order of what you're most passionate about, not based on your ATAR. How you preference is how SATAC will provide offers (by working down the list). In your SATAC application, make sure you use your own mobile number and a personal email address – one you can access after high school.

CHECK AND CONFIRM

Year 12 results are finalised in mid-December. Check to see if you're eligible for Adjustment Factors (bonus points) and confirm your Selection Rank (ATAR, including Adjustment Factors), by visiting SATAC's self-service portal. Then, give our Future Students Enquiries team a call to talk through your study options.

You could be eligible for UniSA's Guaranteed Entry into your preferred degree by using either your Year 12 subject grades or by achieving the guaranteed Selection Rank score (see page 3).

It's important to confirm your preferences by the change of preference deadline to be considered for an offer.
