GRADUATE WITH YOUR GDLP

Study a UniSA law degree or double degree and have the option to complete your Graduate Diploma in Legal Practice (GDLP) in your final year of study. This is a compulsory qualification needed to practise as a barrister or solicitor in South Australia.

LAW WITH A DIFFERENCE

Practical learning is so important, that's why we build valuable hands-on experience into your law degree so you graduate confident and career ready. Get involved in advocacy training in our on-campus moot court or provide advice through our student-run Legal Advice Clinic under the supervision of a managing solicitor. Our teachers are also researchers, who partner with more than 200 organisations worldwide to create real solutions that shape business, industry and policy. We're always contributing to new knowledge and global understanding, and then share these insights with you in the classroom.

GET THE LEGAL EDGE

Graduate with a top-ranking law degree and honours with a difference. Choose from a range of specialist electives to expand your knowledge in an area of interest, then round out your degree with real-world learning or advanced research.

In final year, you'll complete a placement at a law firm, public organisation, with an industry partner, or through our student-run Legal Advice Clinic.

You'll also choose from:

- Completing the Graduate Diploma in Legal Practice (GDLP); or
- A research pathway, where you can investigate a topic of your choice.

DOUBLE YOUR KNOWLEDGE

Expand your expertise and career opportunities by studying a double degree combining law with a second discipline. Specialise in two fields and graduate with two degrees in only one extra year of study. You can pair your law degree with popular areas like business, accounting, arts, journalism or psychology; or consider your very own combination. You can apply directly on entry or combine qualifications during your studies, giving you the ultimate choice.

WHAT'S INDUSTRY SAYING?

"Technology has streamlined many aspects of the legal industry; traditional career paths and law firm structures are certainly more dynamic than they once were. It's important to build transferable skills – that is, a willingness to work hard, the ability to lead by example, as well as a desire to learn and give everything a go. My advice is to remain true to your professional core values and skills, but don't be afraid to embrace change."

Olaf Borutz | Legal Counsel: Sponsorship & Licensing Rights | TEAM Marketing AG (Switzerland)

MAKE INDUSTRY CONNECTIONS

Meet industry experts, develop your professional networks and immediately apply your learnings to real-world environments during your studies. No matter which law degree you choose, you can undertake an internship, law reform project or advanced research. We also partner with more than 60 organisations for semester exchanges, study tours and internships across Asia, Europe and the Americas. Gain practical experience by working on current legal challenges and develop the skills you need for a global career.

YOUR UniSA LAW EXPERIENCE

Our flexible study options are designed so you can study the way you want to. You can benefit from full-time or part-time learning, two study intakes, Summer and Winter School intensives and networking opportunities, as well as accelerated learning pathways. You can also join our active student community through the UniSA Law Students Association (USALSA) – an independent student body that coordinates social events and networking opportunities, careers fairs and seminars, and legal advocacy competitions to give you practical experience and skills development.

ALREADY HAVE A DEGREE, BUT WANT TO STUDY LAW?

FIGHTING CRIMES AGAINST HUMANITY

A passion for human rights inspired a UniSA law graduate to travel abroad and support international communities in need.

During his studies, Lachlan Merrigan (pictured) received a UniSA scholarship to intern with the United Nations Assistance to the Khmer Rouge Trials (UNAKRT) at the Extraordinary Chambers in the Courts of Cambodia (ECCC).

These courts were established to bring senior leaders from Democratic Kampuchea to trial, who are alleged to have committed Crimes Against Humanity in the 1970s. Lachlan supported senior lawyers and international experts in the Office of Co-Prosecution to prepare for one of the trials.

"I worked with a team from around the world to analyse facts, conduct legal research and write a submission for the Office's trial brief.

"I really enjoyed the opportunity to develop a global perspective of the legal profession and interpret the law differently – the experience encouraged me to step outside my comfort zone."

Your UniSA law degree can take you anywhere and create real impact – the possibilities are endless.

MEET YOUR TEACHER

"Employers often tell us that UniSA law graduates show strength in taking initiative with a 'can do' attitude and are prepared for the challenges of the legal profession. Our industry connections allow students to hear from experts about how the law is applied, which adds an invaluable element to their learning. As a former lawyer and now teacher and researcher, I want to prepare students for their future careers as legal professionals, and we have so many fantastic members of the legal community who are pleased to share their time and expertise."

"My degree helped me secure a professional role in a law firm while still studying – I focused on estate planning and litigation as a law clerk, then won my current position shortly after graduating. From reviewing contracts to going to court, my work is always changing, which I find is the best way to learn. Studying law at UniSA is fantastic because whether you wish to specialise in a particular area or practise general commercial law, you'll be set."

ADJUSTMENT FACTORS

Australian high school students applying for university study may be eligible for Adjustment Factors (previously known as bonus points). These are based on set equity factors and/or subject choices (see below). SATAC will combine them with your ATAR to improve your Selection Rank for entry.

- The Universities Language, Literacy and Mathematics Adjustment Scheme – provides additional points for students who successfully complete a language other than English, or specified English and Mathematics subjects.

GUARANTEED ENTRY

There are a few ways to guarantee your place at UniSA:

Year 12 Grades Guaranteed Entry – UniSA offers guaranteed entry based on your three best Year 12 subject grades for most degrees. If you achieve the selection grades and you put us as your first preference, that's it, you're automatically in.

Subjects need to be 20-credit Stage 2 Tertiary Admission Subjects (TAS). Students also need to achieve a minimum ATAR of 50.

Selection Rank Guaranteed Entry – UniSA has set guaranteed entry scores for most of our degrees. This means, that if you achieve that set Selection Rank and you put us as your first preference, you're in. There's nothing more you have to do.

Some degrees also have prerequisites and other eligibility criteria for entry that you'll still have to meet. Application timelines and fees also apply.

TAFE/VET Guaranteed Entry – UniSA offers guaranteed entry based on successfully completed VET qualifications. If your completed VET award meets the set VET Guaranteed Entry, you have met any prerequisites and specific entry requirements, and you've listed the degree as your first preference, you're guaranteed an offer.

Go online and check out UniSA's Guaranteed Entry calculators

UniSA College – there are a variety of pathway options offered through UniSA College, including diplomas, Foundation Studies and the Aboriginal Pathway Program.

STAT – a competitive Special Tertiary Admissions Test (STAT) score, based on 70 multiple choice questions designed to assess your aptitude for tertiary study. A personal competencies statement or relevant employment experience alongside your STAT score may also be considered for some degrees.

TAFE/VET – applicants may be eligible for entry with the completion of an award from TAFE or another Registered Training Organisation at AQF Certificate IV or higher.

Tertiary transfer – completion of at least half a year of full-time equivalent study at a recognised higher education institution. You can apply using your competitive Grade Point Average (GPA).
