Meet some of the Unstoppables

SPOTIFY-ING TALENT

A pop culture guru and tastemaker of new trends, Boon Ken Wong is part of Spotify's International Music Team, responsible for leading artist and editorial strategy and multi-market collaboration in the APAC region.

This UniSA grad and *UNSTOPPABLE* force is working across South East Asia, South Korea, Greater China, Japan, India, Australia and New Zealand, introducing the world to the best new music and well-loved classics for the global streaming giant.

NASA SUPERSTAR

Have you ever dreamt of working with NASA? Well, UniSA psychology grad and expert sleep researcher, Dr Cassie Hilditch, has made that her reality — investigating ways to improve sleep, alertness and performance in flight.

Based in California, this *UNSTOPPABLE* force now walks the same campus as past and future astronauts as they prepare for their missions to the moon.

SNACK STARTUP

Who doesn't love eating chips? Well for some, like UniSA marketing grad Matt Parry, his need for a low FODMAP diet made it a little tricky.

Not wanting to miss out on one of his favourite snacks, this *UNSTOPPABLE* force became a startup sensation, creating The Good Crisp Company, with products now lining the shelves at Walmart and Whole Foods across the United States.

LEGO MASTER

Vietnam is set to become home to LEGO's first ever carbon neutral factory and UniSA engineering grad, Thi Quang Linh Tran, is one of the company's driving forces behind building a more sustainable future.

This *UNSTOPPABLE* force and woman in STEM is bringing her technical expertise and passion for environmental ethics to the project as a sustainable construction manager, with the Vietnamese Government championing the expansion of renewable energy production infrastructure across the country.
